About the Journal

Indian Journal of Health Sciences and Care is a multidisciplinary peer reviewed journal to provide a forum for innovative and thought provoking ideas in medical, dental and other technical specialties. This journal aims at publishing new, challenging and radical ideas, dedicated to promote high quality research work in the field of health and allied sciences. Papers with theoretical or applied approaches, focusing on different phases of medical, dental and health research on new concepts and technologies in the field of health sciences would be welcome.

Thus, providing a common and single platform where various medical and paramedical advances can be discussed and analysed.
