| Total:                       | 28 +01 (Guest faculty)     | 05                                                  |

| Courses Offered           | Strength of Students |
|---------------------------|----------------------|
| B.Sc. (NM)                | 43                   |
| B.Sc. (Hon) Mathematics   | 21                   |
| B.Sc. (Forensic Science)  | 20                   |
| M.Sc. (Chemistry)         | 21                   |
| M.Sc. (Physics)           | 10                   |
| M.Sc. (Forensic Sciences) | 06                   |
| PhD (Physics)             | 01                   |
| PhD (Maths)               | 01                   |
| Ph.D (Chemistry)          | 00                   |
| Ph.D. (Forensic Science)  | 03                   |
| Total                     | 126                  |

#### **Curriculum:**

- Adjusted credits and syllabus as per UGC norms
- Added Open elective papers, University Elective papers and Value added papers.
- Inclusion of Extra curricular activities.
- Industry connects:

#### Alumni connects:

- Panel constituted and Strong Alumni has been identified
- Updating of data will be continued on regular basis

Continued.....

• M.Sc. Projects

In the new curriculum, projects have been made a core paper

• Faculty profiles are excellent
Most of the faculty members are Ph.D. from reputed
Institutions

Research Lab.

Planning to establish research in the department.

Research Project.

Scholar Projects (04)

# Faculty of Physical Sciences Result

| Subject     | Courses         | Result<br>(Jan–May 2017) |
|-------------|-----------------|--------------------------|
| Physics     | B.Sc(NM)        | 97%                      |
|             | M.Sc(Physics)   | 90%                      |
| Chemistry   | B.Sc(NM)        | 90%                      |
|             | M.Sc(Chemistry) | 96%                      |
| Mathematics | B.Sc(NM)        | 86%                      |
|             | B.Sc(Hon)       | 82%                      |

# Faculty of Physical Sciences Result

| Subject     | Courses         | Result<br>(July – December 2017) |
|-------------|-----------------|----------------------------------|
| Physics     | B.Sc(NM)        | 93.3%                            |
|             | M.Sc(Physics)   | 86.0%                            |
| Chemistry   | B.Sc(NM)        | 93%                              |
|             | M.Sc(Chemistry) | 85%                              |
| Mathematics | B.Sc(NM)        | 79.5                             |
|             | B.Sc(Hon)       | 67%                              |

#### **Mentor-Mentee Program**

Mentor-Mentee program has been implemented in the faculty as per SGT University Guidelines:

- 1. The students observed to be absent for more than three days were consulted and accordingly their parents wee intimated on phone. As a result the improvement in attendance has been observed.
- 2. The percentage of mass bunk in the classes has been reduced by proper counseling and timely guidance to students
- 3. Mentor -Mentee meetings are being held on every odd Monday and Issues of students has been taken on priority bases. Most of the issues have been resolved i.e. Requirement of Marks for UGC/CSIR NET form filling, Issue of certificates, teaching Methodology etc.
- 4. Students are more disciplined regarding uniforms and in class room study.

#### **Teaching activities**

| No. of<br>classes<br>/Hours | Course completion | Problems<br>encountered                                | Suggested remedies                                                                                                        | Teaching methodology used (percentage of each method used)         | Details of<br>Choice based<br>credit system                                     |
|-----------------------------|-------------------|--------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------|---------------------------------------------------------------------------------|
| 45                          | 100%              | Students complaints regarding faculty teaching methods | The concerned faculty has been consulted and properly guided for teaching learning process. Improvement has been observed | SIS = 50%<br>SS = 10%<br>PBL = 20%<br>SGD = 10%<br>Tutorials = 10% | Introduced<br>Choice based<br>credit system<br>for 2018–19<br>batch<br>students |

#### Examination and evaluation

| Courses                   | Formative<br>Assessment                                                   | Summative<br>Assessment                        |

Faculty of Physical Sciences
Educational Visit
Solid State Physics Laboratory (SSPL), DRDO, Delhi
(April 24, 2018)

## Faculty of Physical Sciences INDUSTRIAL VISIT

Key Research & Development Centre, Unit of Crystal Crop protection Ltd. Sonipat (Haryana) April 21,2018

Guest Lecture Dr. Sunil Sharma, Scientist D, SSPL, DRDO, Delhi Topic: GaN High Frequency Electron Mobility Transistors (Applied Physics), 23/04/2018.

Guest Lecture
Dr. Sunil Sharma, Scientist D, SSPL, DRDO, Delhi
Topic: GaN High Frequency Electron Mobility Transistors (Applied
Physics), 23/04/2018

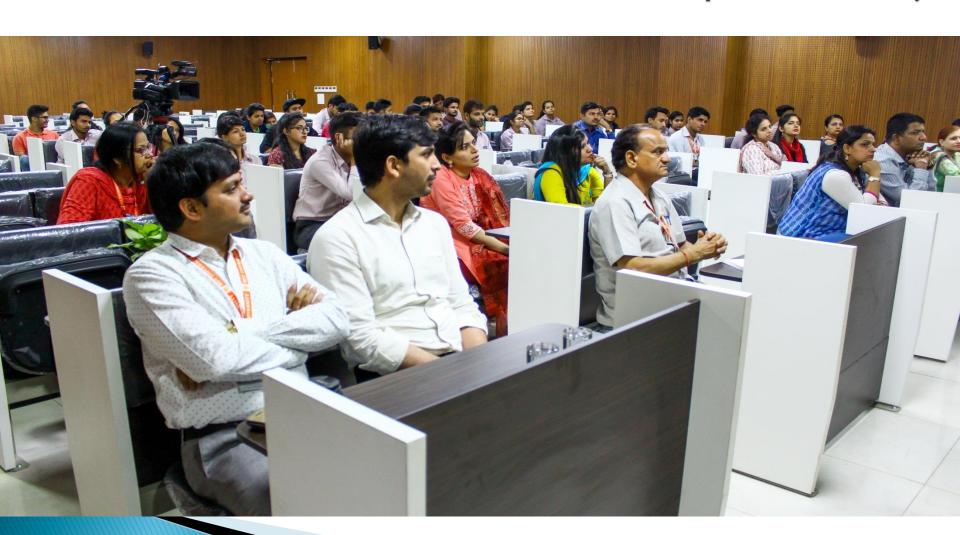

#### Faculty of Physical Sciences Guest Lecture by Prof. R.K.Sharma, Department of Chemistry, Delhi University (27/04/2018)

**Topic:** Green Chemistry

Faculty of Physical Sciences
Guest Lecture by Prof. R.K.Sharma, Department of Chemistry, Delhi
University (27/04/2018)
Topic: Green Chemistry

Extension Lecture on Air pollution & its effects Dr. A.K.Haritach, Delhi Technical University (Feb. 10, 2018)

# Cyber Security workshop March 30,2018

Cyber Security workshop March 30,2018

#### Awards / recognition

- Member Board of Study, Baba Mustnath University, Asthal Bohr, Rohtak
- Peer Reviewer, Advances in Energy Research,
   An International Journal (South Korea)

#### Proposed activity in next 2 months

| Admission             |     |
|-----------------------|-----|
| FDP will be Organized | 01  |
| National Conference   | 01  |
| Journal Publications  | 3–4 |
|                       |     |

#### Preparedness for next semester

- New curriculum and Syllabus has been designed as per UGC norm.
- Admission committee has been formed. The members are directed to have every care in dealing with students.
- Departmental committee's has been made for smooth conduct of FPS activities.
- Time table committee has been directed to prepare time table as per the allotted seats to each course.
- Faculty has been directed to use newer teaching methodologies as per IQAC guide lines in their student teacher learning process.
