spent at AIIMS, JIPMER, Institute of Medicine and the Joint Centre for Bioethics, University of Toronto, Canada. His research interests includes Cellular and Molecular Reproductive Physiology, neurodegenerative disorders, Bioethics and Medical Education.

An avid researcher, he was the First Indian civilian doctor to winter-over for 16 months for Human Physiology research at the Indian Antarctica Station, Maitri, as a member of the 12<sup>th</sup> Indian Scientific Expedition to Antarctica (Dec 1992-Apr 1994).

He has been awarded the prestigious Fogarty International Fellowship which led to the award of a Masters' degree in Bioethics in 2003. A renowned Bioethics expert, he has been resource person at various national and international bioethics forums and Training programs. In addition, he is the Chair of two and serves as a member of Ethics Committees for Research on Human Subjects for prominent Hospitals and Research Institutions in New Delhi as well as at the Regional Institute of Medical Sciences (RIMS), Imphal, Manipur.

A well known Medical Educationist and a FAIMER Medical Education fellow, he is a prominent resource faculty at the K L Wig Centre for Medical Education & Technology (CMET) at AIIMS. He has several international and national publications, including chapters in books, and has conducted numerous training and faculty development workshops in the field of not only Physiology but also on Bioethics, Medical Education and Research Methodology.

- 3) **Dr Aditya Kaushik:** Dr Aditya Kaushik is a Medical Graduate with specialization in Pharmacology having about 20 years of clinical and Industry experience in Medical & Regulatory Affairs including Clinical Drug Development, Registration, Medical-Marketing & Pharmacovigilance procedures.  
He has served as Medical Affairs Lead (India Subcontinent) and Head Medical & Regulatory Affairs (India) for GSK(GlaxoSmithKline) Consumer Healthcare Ltd. And also Senior Manager & Head Medical & Regulatory Affairs, MENARINI Group. His appointment on senior leadership roles are based on demonstrated success in defining and executing short and long term strategy, directing product development, medical & regulatory strategies and clinical research initiatives and in building and leading top performing medical and regulatory teams.
- 4) **Dr Pooja Gupta:** Dr Pooja Gupta is MD (Pharmacology), DM (Clinical Pharmacology) and is currently Associate Professor in Pharmacology at AIIMS, New Delhi. She is trained in clinical research, Bioethics, Pharmacovigilance, GCP and is observer for GLP, National GLP Compliance Monitoring Authority. She is AIIMS center coordinator for Pharmacovigilance Program of India and Materiovigilance Program of India  
She is a member of Institute Ethics Sub-Committee for reporting of Serious Adverse events (SAEs) in Clinical Trials. She has organized several workshops and training courses in research methodology, GLP, GCP, Ethics and Pharmacovigilance.

**Audience** : The PG Students, Ph.D Scholars, interns and faculty members of the University from faculties of Dental, Ayurveda, Pharmacy, Allied Health, Behavioural Sciences, Nursing, Physiotherapy, and Medical Sciences.

### **Brief Report of the programme:**

The establishment of UNESCO Bioethics Unit is one of the successful collaboration initiatives of the University. The unit was incepted on 30<sup>th</sup> June 2017 and is affiliated to UNESCO Chair in BIOETHICS established at Haifa, Israel. The objective was to increase the awareness and importance of ethics in medical education and related health sciences. The Unit includes the members from medical, dental, Ayurveda, pharmacy, allied health, physiotherapy, nursing, behavioural, agricultural sciences and law faculties. The unit has been actively conducting lectures, symposiums related to multiple bioethics issues and encourages students and faculty to undertake research projects and publish papers related to same.

The World Bioethics Day is celebrated all over the world on 19<sup>th</sup> October on a particular theme. This year it is celebrating article 12 of the Universal Declaration on Bioethics and Human Rights, dedicated to respect of cultural diversity and pluralism. It says:

"The importance of cultural diversity and pluralism should be given due regard. However, such considerations are not to be invoked to infringe upon human dignity, human rights and fundamental freedoms nor upon the principles set out in this Declaration, nor to limit their scope.

So, the UNESCO Bioethics unit of SGT University celebrated "World Bioethics Day 2019" on the theme "Respect for Cultural Diversity" with the luminaries in the field of ethics on 12<sup>th</sup> December 2019.

The actual celebrations of World Bioethics started in July when multiple competitions were held in all faculties for students. The competitions included:

- 1) Artistic poster
- 2) Scientific Poster
- 3) Photography
- 4) Short film/video

The competitions were conducted in multiple faculties of SGT University before 31<sup>st</sup> July 2018. The entries were evaluated by IQAC and shortlisted for the international competitions. The students of Faculty of Dental Sciences, Indian Medical System, Nursing and Physiotherapy participated with full zeal and gave multiple entries in the category of artistic poster, scientific poster, Photography and short Film/video. The theme for the competitions was "Respect for Cultural Diversity".

1 artistic poster from Faculty of Nursing, 1 photograph from Faculty of Dental Sciences, 1 scientific poster from Faculty of Nursing and 1 short film/video from Faculty of Dental Sciences were shortlisted for international competitions.

INDIAN UNIVERSITY RATING

**GOLD**

**By learning about people of different cultural backgrounds, you can increase your horizons**

**The best way to learn is through face-to-face interaction with a person of the culture you would like to learn more about.**

**If you are able to explain the importance diversity to children and show them how diverse the world is, you are helping them be more open minded toward people of different cultural backgrounds**

## Respect of Culture And Diversity

**Cultural Diversity Definition**  
Cultural diversity is the quality of diverse or different cultures, as opposed to monoculture, the global monoculture, or a homogenization of cultures, akin to cultural decay.

**Elements of Cultural Diversity**  
Culture combines many elements to create a unique way of living for different people. In this lesson, we identify four of the elements that exist in every culture, albeit in different forms: symbols, language, values, and norms. We also differentiate between folkways and mores.

**Benefits of Cultural Diversity**  
Diverse cultural perspectives can inspire creativity and drive innovation. Local market knowledge and insight makes a business more competitive and profitable. Cultural sensitivity, insight, and local knowledge means higher quality, targeted marketing.

**Affect of Culture & Diversity on Society**  
Variety of ethnic celebrations: members are introduced to foods, festivals, music and celebrations, fashion, handicraft and cultural expressions such as dance. People may appreciate other cultures and a range of perspectives by growing up in society.

## Respect of Cultural Diversity

- Respecting cultural diversity means to embrace and appreciate the differences and celebrate and leverage the similarities.
- We need to overcome our anxiety and fears. This requires that we understand that there are many societies that emerged around the globe which differ not only in language, dress and traditions, but also in the way they organize themselves.
- Respect means to open up to other cultures. We need to slip into the shoes of other cultures by better understand our own. By better understanding ourselves. The more we understand our foundations and the better we are rooted in our culture the easier it is to open up to other societies.
- Respect for cultural diversity requires that we accept that other societies are rooted as much in their cultures as we are in ours. No one can easily, if at all, change the cultural skin. No one should be forced to give up their own culture in exchange for another one.
- As much as we need to accept the laws and conventions of our own culture at the place where we come from and where we live, we are required to respect the systems, frameworks and ways of living at the places we visit and even more importantly where wish to move to. "Do as the Romans do" is not only a helpful guide for smooth travels but also a recipe for business success. And it is a prerequisite for successful integration in the society at a foreign land.
- Cultural diversity is a driver of growth and prosperity.
- Diversity has many advantages. It is the source of inspiration and innovation. It is an important driver of growth and prosperity.
- In essence, the investment into the respect for cultural diversity has a high return.

Following this, the inaugural address was given by Dr M. S Sidhu, Head, UNESCO Bioethics Unit of SGT University, Director IQAC and Dean Research and Development. Dr Sidhu stressed upon the initiatives our University is taking to increase the awareness of ethics and to inculcate values among its stakeholders as ethics is one of the core values of the Institution and a strong pillar of foundation for the University. The introduction of value added course on Professional ethics and human values is one such step in that direction.

Dr Y.K Gupta stressed upon the importance of ethics education for academicians, students and researchers by giving relevant examples explaining the consequences, if ethical guidelines are not followed. He emphasized that even though ethics are an integral part of everyday life for every human being but it becomes extremely important for professionals of any field to follow the ethical norms and guidelines created for responsible practice and conduct otherwise the consequences of not abiding by them may ruin the careers.

After the insightful address and setting up of mood for education of ethics, felicitation of speakers was done by the university officials by presenting the University memento and certificates of appreciation as a token of gratitude.

The next session was by Dr Aditya Kaushik on “Ethical issues in Clinical trials in India”. He stressed upon the importance of language for communication to patients especially in research and clinical trials and greatly emphasized the difference in difficulties of interpretation of spoken Hindi and written Hindi language. He explained that for any successful completion of research or clinical trial from ethical perspective, it is important that the patient is properly communicated about all aspects of research method to be followed.

Delivery of Lecture by Dr Aditya Kaushik on “Ethical issues in Clinical trials in India”

The next session was by Dr Pooja Gupta, Associate professor, Pharmacology, AIIMS on “Issues in Informed Consent”.

The session was very interesting and explained the concept of “Understood Consent” instead of informed consent as it is extremely crucial for the clinician to explain and communicate to the patient about the procedure in a way they understand, in the language they are comfortable with.

It was stressed that when it comes to ethics, the process is more important than the outcome achieved. So, for clinicians it is important to follow the protocols and procedures to refrain from falling under the unethical practices.

Delivery of Lecture by Dr Pooja Gupta on “Issues in informed Consent”

The next session was by Dr Y.K Gupta, Principal Advisor, THSTI-DBT and Chairman, SGT Council of Biomedical research on the topic “Ethical issues in Marginalized Population”.

He explained the various challenges and ethical issues when doing and field research involving the tribal and other marginalized population as there is always a barrier of communication and the literacy rate in these populations may pose more challenges while conducting research on these groups of populations. He gain emphasized on the importance of Understood consent and the nominees who are eligible to give consent by citing various examples of the ethical challenges that have been faced in the past. By mentioning the earlier researches conducted that failed on ethical norms, he apprised the audience about take home messages about do’s and don’ts while taking consent and conducting research and trials involving human subjects.

Delivery of Lecture by Dr Pooja Gupta on “Issues in informed Consent”

This session was followed by Question and Answer session which was very interactive and witnessed active participation by the faculty members as well as the students.

Dr V.K Govila questioning about the prescription writing of generic names of drugs

Dr Reshu Madan questioning about the kind of language to be used while interacting as well as writing case records in case of literate patients

There were many questions about the use of “Off-label drugs”, the people responsible for giving consent if patient is unconscious and when patient is lucid and many more which actually apprised the audience about various ethical issues and the need to understand and implement the ethical guidelines in daily practice as well as particularly when dealing with research on live subjects.

This was followed by conclusion of the scientific session and proposal of Vote of Thanks by Dr Astha Chaudhry, Secretary UNESCO Bioethics Unit.

Following the National Anthem at the conclusion of the program, the dignitaries were accompanied by all the members of the Unit for sumptuous lunch in Dental Committee Room.

The list of certificate numbers of all certificate holders as submitted to Registrar office included:
