1. Convenor Ms. Yogita jain, assistant professor, faculty of law, SGT university
2. Convenor Ms. Renumadianassistant professor, faculty of law, SGT university

No of Participants-----122

Key speaker(guests)

- 1 professor (Dr) R.K Mitra pvcsgt university.
- 2 professor (Dr) Sanjay Kumar Pandey dean faculty of law SGT university.

Report of the event

a) Introduction of the event:

An open house discussion held on 5th march 11 am in seminar hall topic of discussion was Russia & Ukraine dispute: impact on world. Prof (Dr) R.K Mitra share their views on this event happen. Then prof(Dr) Sanjay Kumar Pandey also give their valuable knowledge in detail. Discussion was taken forward by 3 panelists 1. Jittin 6thsem 2. Diya Kaushik 2nd sem. 3.prabhat 6th sem.

b) Objective of the training /webinar/ event:

Panel discussions are the hallmark of modern conferences and events, even virtual ones. The purpose of this open house discussion is to spark conversation between a group of experts & student, so that the audience can learn from their discourse and interaction. It facilitates clarification on knotty issues. It highlights the multi-dimensionality of the issue under discussion. It develops presentation skills. It teaches students to think of the issues under consideration and ask relevant question

1. Patron prof (Dr) Sanjay Kumar Pandey.
2. Coordinator Ms. Renu madianassistant professor, faculty of law, SGT university

No of Participants-----78

Key speaker(guests).

1. Major gen. Nilendra Kumar director *Lex Consilium* foundation former judge and advocate General Indian Army.

Report of the event

a) Introduction of the event:

On 23 march 2022 a guest lecture is organized by *LEGAL MANTHAN* an academic association in collaboration with *LEX CONSULIM FOUNDATION (ENABLING YOUNG MIND)* at seminar hall of faculty of law SGT university by major general Nilendra Kumar.

b) Objective of the /Guest lecture/ event:

In a guest lecture, students get new perspectives and opinions that are often missed in a regular class. A guest lecture gives students a better opportunity to learn about an explicit topic of international importance in a way that gets them involved in the class and actively join in a more convenient way of teaching.

Report of the Event

a) Introduction of the Event:

The Legal Mnathan, An Academic association of students organised an Open House Discussion on the topic: "Increase in Legal Age of Marriage for Girls in India" at 11:00 am in the seminar Hall, Faculty of Law. The discussion began with the opening words of Dr. Rakesh Kumari Malik, Assistant Professor, Faculty of Law, SGT University. There were three student panelists who dealt on the following sub issues:

Panelist 1: Ms. Shubhangee, student BA LLB, 3rd year: Age of Marriage for Girls in India: Legal Development

Panelist 2: Mr. Aditya Prasad, student BA LLB, 2nd year: Analysis of The Prohibition of Child Marriage (Amendment) Bill, 2021

Panelist 3: Ms. Tanya, student BA LLB, 1st year: Impact of the Amendment on the Society

The Open House Discussion was followed by the views and opinions of the students and faculty members and a healthy discussion among them.

b) Objective of the Training/webinar/ Event / FDP:

The objective behind the open house discussion was to make students aware about the Prohibition of Child Marriage (Amendment) Bill, 2021. Further the aim was to spread the awareness on contemporary legal issues through panel discussion.

c) Banner/ Picture of Event: Good quality picture with legends is mandatory

Budhera, Gurugram-Badli Road, Gurugram (Haryana) – 122505 Ph. : 0124-2278183, 2278184, 2278185

Organizers: Lavoisier Association, Department of Chemistry, Faculty of Science, SGT University.

Report of the Program:

Introduction: The workshop on “Chem draw and Chem Sketch Software Learning” was specifically organized to impart the knowledge about these two softwares which will help the students in their research work and other fields like biochemistry and to encourage the chemical society to use these softwares. The workshop was conducted by:

Mr. Anjaneyulu Bendi (Assistant Professor & Head of the Department of Chemistry, FO SC)

Dr. Nutan Sharma (Assistant Professor, Department of Chemistry, FO SC)

Dr. Kamlesh Sharma (Assistant Professor, Department of Chemistry, FO SC)

Dr Chandra Mauli Pandey (Assistant Professor, Department of Chemistry, FO SC) for the discipline and proper accomplishment of the workshop.

Objective of the Event: To let students gain hands-on knowledge about some software and their operation and their use in professional work.

THE CHEM DRAW:

Chem draw is a complete drawing solution that both chemists and biologists can trust to accurately handle and represent organic, organometallic and polymeric and biopolymer materials (including amino acids , peptides and DNA and RNA sequences) and to deal with advanced forms of stereochemistry . Chemists can use ChemDraw to draw and submit chemical compound and reaction and to predict properties, generate spectra, construct correct IUPAC names, and calculate reaction stereochemistry.

Brief content of event on day 1:

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC Approved) Gurugram, Delhi-NCR

Budhera, Gurugram-Badli Road, Gurugram (Haryana) – 122505 Ph. : 0124-2278183, 2278184, 2278185

The students were first given a brief introductory talk by Mr. Anjaneyulu Bendi about the workshop and important aspects to be covered in it. Then the students were addressed by Professor Dr. Lakhwinder Singh (Dean, FOOSC).

1st session was conducted by Dr Nutan Sharma (Assistant Professor, Department Of Science, FOOSC). She explained the working and use of Chem Draw software by showing the function of the software, by using each and every tools present in the software.

It was followed by explanation and working of general features and special features and the software like structure to name, name to structure, analysis of compound, NMR (¹H NMR and 13 HNMR) and various ways to represent the data to make it attractive.

2nd session was conducted by Dr Kamlesh Sharma (Assistant Professor, Department Of Chemistry, FOOSC). She carried forward by explaining more advanced features of Chem Draw software like:

- * Templates for biomolecules and catalysts
- * Drawing of Generic structure
- * Drawing of TLC
- * Making of Graphical Abstract

She explained with the help of many examples

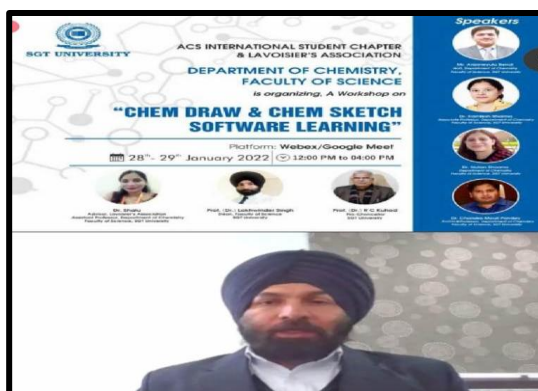

The workshop comes to the end, by extending a notes of thanks of speakers by Mr. Anjaneyulu Bendi and having a queries of the audience by experts.

DAY 1: 28th January 2022

In this workshop, students have learned about various tools and techniques in ChemDraw software which will be helpful for them in the research project, scholar projects and further in professional life.

Students have got exposure and knowledge about the following functions of the software like – NMR, Fischer projection, compound analysis, graphical representation etc ,

Students have learnt about the software, its tools, function of every tool and their use in their academic and professional life.

THE CHEM SKETCH:

ChemSketch is an easy-to-use, chemically intelligent molecular structure drawing application, with more than 2 million users worldwide. It is a drawing package that allows you to draw chemical structures including organics, organometallics, polymers, and Markush structures. It is a comprehensive structure editor with a variety of tools and functionality that ease the communication of scientific and chemical information. ChemSketch is primarily for educational use. With this program it is possible to write and perform chemical equations, diagrams laboratories and chemical structures of various entity.

Brief content of event on day 2:

The students were first given a brief introductory talk by Dr. Shalu Atri about the workshop and important aspects to be covered in it. 1st session was conducted by Dr. Chandra Mauli Pandey (Assistant Professor, Department of Chemistry, FO SC). He explained the steps for installation, basics, working and use of Chem sketch software by using each and every tool present in the software. It was followed by explanation of 2 different modes (draw mode and structure mode), working of general features and special features of the software like:

- Drawing of chemical structures, reactions, and schema, and access a variety of graphical tools and templates.
- Generation of names from molecular structure
- Calculation of molecular properties from chemical structure
- Drawing of 3-D structures
- Writing of chemical reactions

2nd session was conducted by Mr. Anjaneyulu Bendi (Assistant Professor & Head, Department of Chemistry, FO SC). He carried forward by explaining how to save the file in various extensions, some of the advantages of chem sketch and its features in more detail by giving a lot of examples like:

- Easy representations of graphs
- Presentation by using lab apparatuses and changing their colors
- Easy representation of ions and ionic reactions.
- Rotation of molecules and application of color to improve visualization.

Budhera, Gurugram-Badli Road, Gurugram (Haryana) – 122505 Ph. : 0124-2278183, 2278184, 2278185

The workshop came to an end, by extending a note of thanks by Dr. Divya Sareen and briefing about the 2-day workshop and dissemination of some valuable information by Dr. Shalu Atri and answering of queries of the audience by the experts.

DAY 2: 29th January 2022

In this workshop, students have learned about various tools and techniques in Chem Sketch software which will be helpful for them in creating professional reports, presentations, and publication-ready figures and can communicate scientific information with clarity and ease. Students have learnt about the software, its tools, function of every tool and their use in their academic and professional life.

Expert

Neel Kumar Vishwakarma
Computer Forensic Investigator,
Verizon India

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY

(UGC Approved)

Gurugram, Delhi-NCR

Budhera, Gurugram-Badli Road, Gurugram (Haryana) – 122505 Ph. : 0124-2278183, 2278184, 2278185

Brief Profile of Speaker:

Dr. Neel Kumar Vishwakarma is a Senior Cyber Security Analyst / IT Security Consultant/ Mobile Pen-tester. He has given training in esteemed organizations including DRDO, Cabinet Secretariat, PMO Team, Ministry of Defense, Ministry of IT, ATS Team. He has more than 9 years of extensive experience in the corporate and private sector involving Google, IBM, Yahoo, etc. He has delivered lectures in more than 450 workshops & seminars in Top MNC's & engineering colleges including IIT/NIT and Many State Govt. Universities on topics like Ethical Hacking & Cyber Security, Vulnerability Assessment, Penetration Testing, Cyber Crime Investigation & Forensics Etc.

Organizers: Prodigy Association, Faculty of Sciences, SGT University.

Report of the Program:

Introduction: Digital world and net banking has become an integral part of our lives, learning process, research and publications. This workshop is providing the platform for researchers, academicians, and scholars to learn various security tools and procedures to prevent from data/identity thefts and online frauds via live demos and discussion.

Objective of the Event: To develop the understanding of concepts in identifying and preventing the challenges/risks associated with data theft, identity theft, online frauds involving credit/debit card fraud, net banking, etc. via live demo by reputed speaker having rich expertise and experience.

Brief content of event:

DAY 1: 31 January 2022

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY

(UGC Approved)

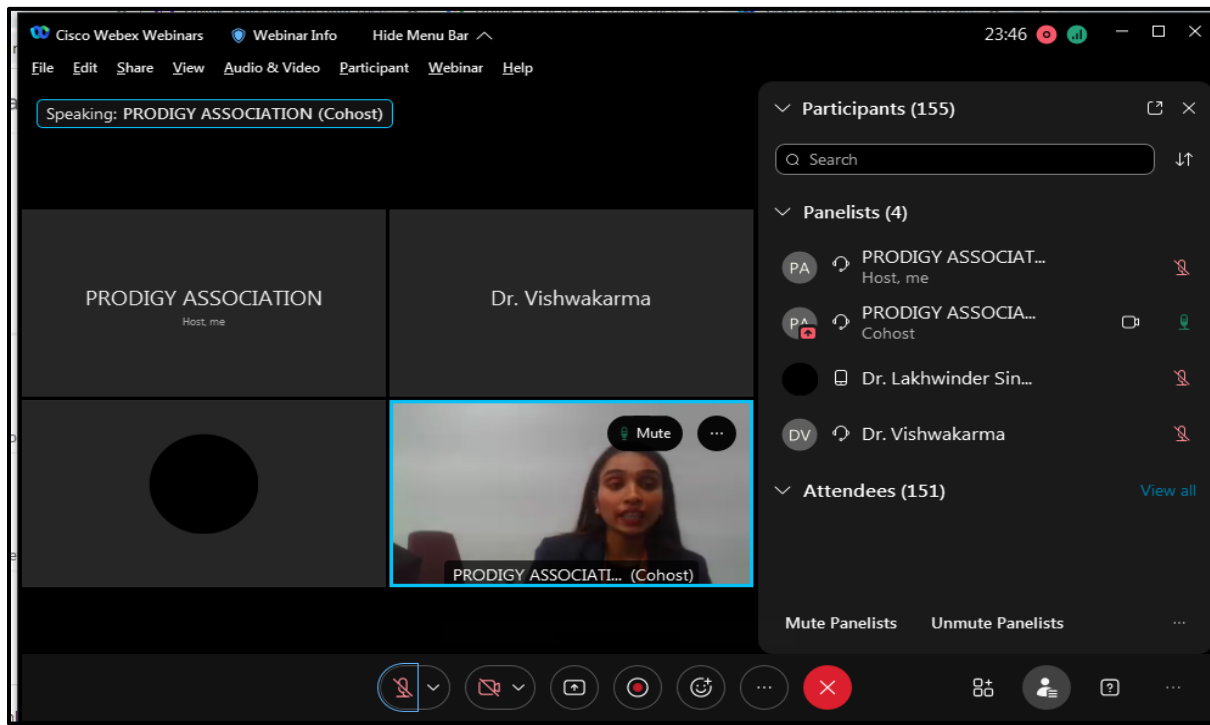

Gurugram, Delhi-NCR

Budhera, Gurugram-Badli Road, Gurugram (Haryana) – 122505 Ph. : 0124-2278183, 2278184, 2278185

The workshop was started on 31 January 2021 at 02.00 pm with the inaugural session. Initially, **Prof. (Dr.) Lakhwinder Singh, Dean, Faculty of Science** introduced the workshop's theme and welcomed all the dignitaries and attendees. He explained the importance of digital world in our day-to-day life and various respective security vulnerabilities.

Then the workshop was addressed by **Dr. Priyanka Verma, Advisor- Prodigy Association, Faculty of Science, SGT University**. She introduced the Prodigy Association to the audience by mentioning the objectives of the same. She welcomed the guest speaker to initiate his session.

Picture of the inauguration ceremony:

Inauguration of the event by Dr. Priyanka Verma, Advisor, Prodigy Association, Faculty of Science, SGT University.

Session 1

Title: “Data Theft & Online Frauds”

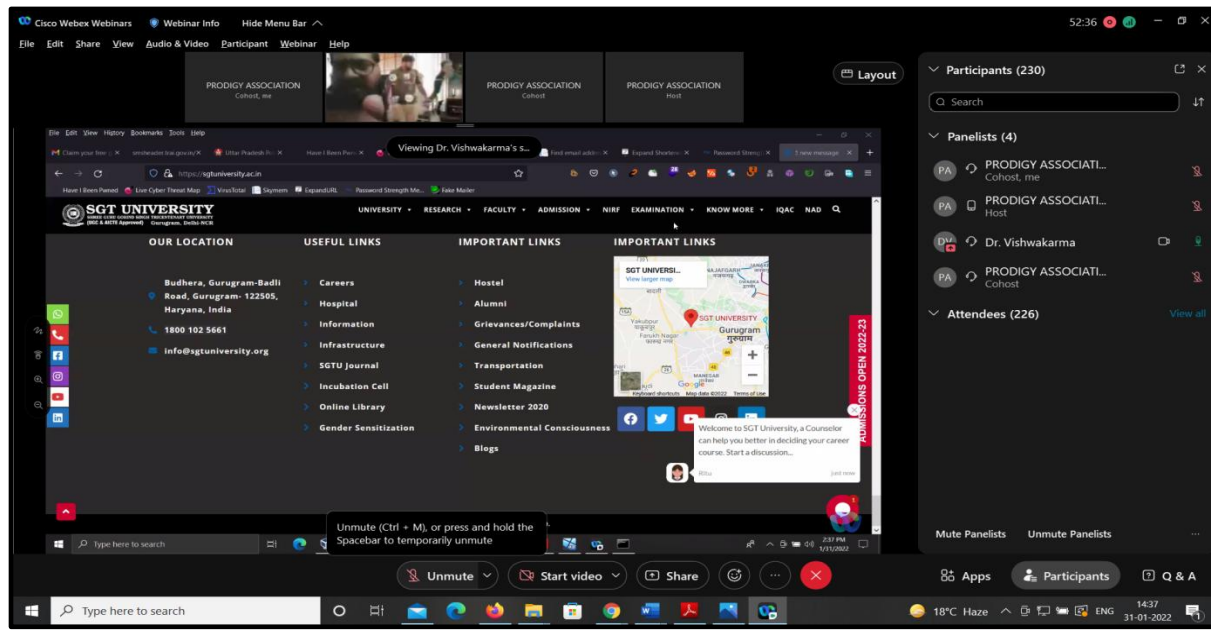

Speaker: Dr. Neel Kumar Vishwakarma, Computer Forensic Investigator, Verizon, India.

In his talk, he discussed following security concerns and their respective preventive measures.

- a. Live demo of call spoofing and its preventive measures.
- b. Live demo of e-mail spoofing and its preventive measures.
- c. E-SIM frauds and vulnerabilities
- d. Password hacking on unauthentic websites.
- e. Confirmation of authentic message/mails
- f. Exif tool and its usage.
- g. ATM frauds and preventive measures.

Picture of the event:

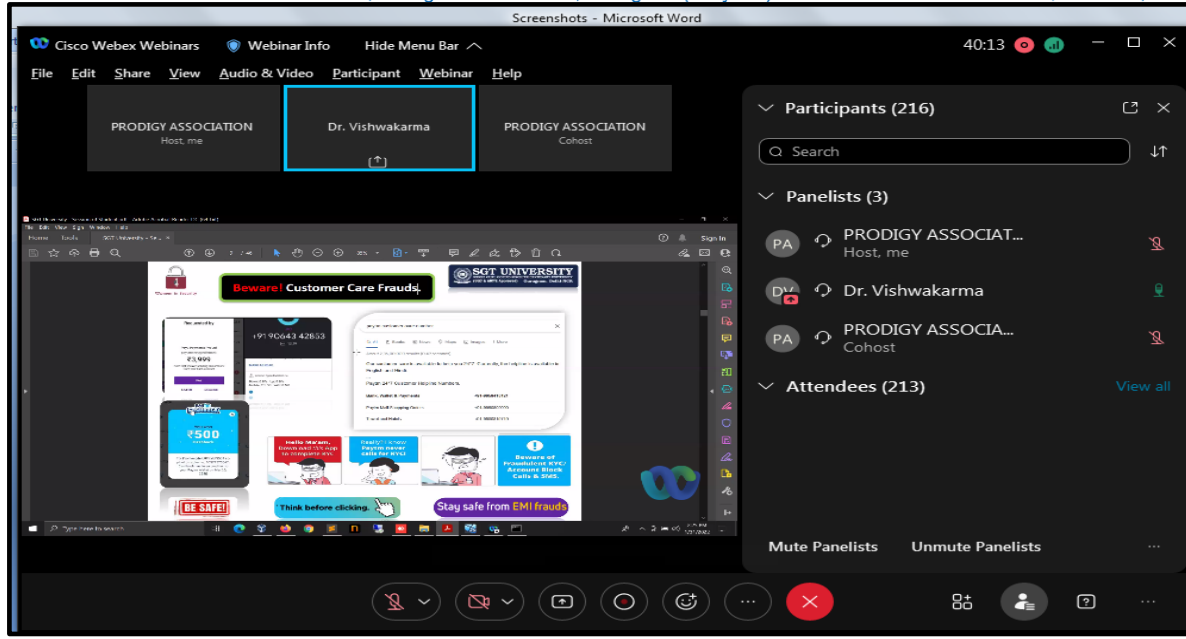

Dr. Neel Kumar Vishwakarma, Computer Forensic Investigator, Verizon India, Speaker, mentioning about the call spoofing and giving the live demo respectively.

Report of the Webinar/ Event / FDP Program:

Introduction:

Savant's Association Department of Physics, Faculty of Science has organised "**Online Workshop on CST-3D Electromagnetic Simulation**" on **28 March 2022 at 02:00 p.m. onwards.**

Online Workshop on CST-3D Electromagnetic Simulation was welcomed by Dr. Yogesh Sharma, Assistant Professor, Dr. Mukesh Kumar (HOD), Associate Professor, Dr. M.T Beig, Assistant Professor Department of Physics, Faculty of Science, SGT University. The program was intended to introduce about **CST-3D Electromagnetic Simulation** in physics & various sciences by eminent speaker Dr. Riscob Bright (Scientist), Scientific Officer D, Microwave and

ECE Diagnostic Division, Institute for Plasma Research (IPR), Department of Atomic Energy, Gandhinagar Gujarat.

This online workshop aims to develop the understanding of **CST-3D Electromagnetic Simulation** is a high-performance EM analysis software package for designing, analyzing and optimizing electromagnetic (EM) components and systems. Electromagnetic field solvers for applications across the EM spectrum are contained within a single user interface in CST Studio Suite. CST Studio Suite provides fast, accurate, accessible electromagnetic simulation for engineers, designers, and researchers working in many fields, including microwaves, RF & optical, EDA & electronics, electromagnetic compatibility (EMC), particle dynamics, statics, and low frequencies.

The Guest speaker explains very well about CST's performance and efficiency of Antennas and filters, EM compatibility and interface etc. The audience found the workshop very remarkable and informative.

Objective of the Webinar/ Event / FDP:

The workshop was intended for the under graduate, post graduate students, research scholars to understand the basics of **CST-3D Electromagnetic Simulation** and its uses as Electromagnetic field solvers for applications across the EM spectrum are contained within a single user interface in CST Studio Suite. CST Studio Suite provides fast, accurate, accessible electromagnetic simulation for engineers, designers, and researchers working in many fields, including microwaves, RF & optical, EDA & electronics, electromagnetic compatibility (EMC), particle dynamics, statics, and low frequencies.

Brief content of event:

The workshop started on 28th March 2022 at 2 PM with the inaugural session. The workshop was addressed by the Dr. Yogesh Sharma, Assistant Professor, Department of Physics. Dr. Sharma first introduced **Savant Association, Department of Physics** to the audience. They then introduced the workshop's theme 3D Electromagnetic Simulation to the participants and welcomed the guest speaker to initiate the session.

Title: CST-3D Electromagnetic Simulation

Speaker: Dr. Riscob Bright (Scientist), Scientific Officer D, Microwave and ECE Diagnostic Division, Institute for Plasma Research (IPR), Department of Atomic Energy, Gandhinagar Gujarat.

Budhera, Gurugram-Badli Road, Gurugram (Haryana) – 122505 Ph. : 0124-2278183, 2278184, 2278185

In his talk, he discussed following topics:

High-performance EM analysis software package for designing, analyzing and optimizing electromagnetic (EM) components and systems. Electromagnetic field solvers for applications across the EM spectrum are contained within a single user interface in CST Studio Suite. CST Studio Suite provides fast, accurate, accessible electromagnetic simulation for engineers, designers, and researchers working in many fields, including microwaves, RF & optical, EDA & electronics, electromagnetic compatibility (EMC), particle dynamics, statics, and low frequencies.

In the last, Prof. R.C Sharma, Professor, Department of Physics, SGTU, extended the warm vote of thanks to the renowned speaker for sharing his rich experience and expertise. More than 80 students and faculty members were present.

The screenshot shows a Cisco Webex meeting interface. At the top, there is a menu bar with options like 'File', 'Edit', 'Share', 'View', 'Audio & Video', 'Participant', 'Meeting', 'Breakout Sessions', and 'Help'. Below the menu bar, there are three video thumbnails of participants: 'Riscob Bright', 'digvijay yadav', and 'Abhishek Rathi'. The main area of the meeting is a shared application window titled 'Viewing Riscob Bright's appli...'. This window displays a 3D physics simulation on a grid. A rectangular block is shown in the center, with a small green arrow pointing upwards from its top surface. The simulation appears to be related to mechanics or physics. On the right side of the meeting interface, there is a 'Participants (62)' list. The list includes names such as 'Physics FOSC', 'Riscob Bright', 'Abhishek Rathi', 'aditya', 'Akshara daksh', 'alok kumar', 'Anjali Sharma', 'Anu Kumari', and 'Arunima Dutta'. At the bottom of the meeting interface, there is a control bar with buttons for 'Unmute', 'Stop video', 'Share', 'Record', and other meeting controls.

What is CST microwave Studio

- It's a fully featured software package for electromagnetic analysis and design in the high frequency range.
- It simplifies the process of creating the structure by providing powerful graphical solid modeling.
- Once the model is ready a fully automatic meshing procedure is applied before the simulation is started.
- In present day advanced version provides necessary meshing and solver suggestion appropriate to the problem.

Report of the quest lecture :

a) Introduction:

The lecture provides an overview of the importance of forensic medicine in crime scene investigation. The sessions aim to guide us about how forensic medicine plays an very important role in solving crime cases and finding the causes of death.

b) Objective of the lecture:

The purpose of this lecture was to tell us about the importance of forensic medicine, also some other related branches, basic protocols to be followed, understanding and solving the cases by finding the cause and manner of death .

Brief content of lecture-

Moderator:- Ms. Ananya G , Student Representative, Department of Forensic Science, Faculty of Science, SGT University, Gurugram, India.

The lecture was started on 30th march 2022 at 11.00 am with the inaugural session. Session was introduced by Ananya G, Student Representative, Department of Forensic Science, SGT University, Gurugram. The program was intended to introduce the role and importance of Forensic medicine in crime scene investigation.

In his talk, he briefly covered the different aspects related to crime scene investigation by telling us about methods they use to solve a crime, about the manner and cause of death. Also, he covered the concepts and information regarding the importance and role of forensic medicine in crime scene investigation. He also enlightened us with the Postmortem and medico legal reports. Significance of Forensic toxicology and Forensic thanatology was discussed. Basic protocol for crime scene processing was explained to the students.

Brief Profile of Speakers:

- 1.** Dr. Robert Green is currently working as a Director of Under Graduate Studies, Forensic Science, University of Kent, United Kingdom.
- 2.** Prof. (Dr.) Jose Antonio Lorente, M.D., Ph.D. in Genomic Area is currently working as a Principal Investigator & Head of Liquid Biopsy and Cancer Interception Group, Spain.
- 3.** Dr. Sara Al Mughawi is working as a Medico Legal Examiner, Head of Medical Section, Dubai Police.
- 4.** Colonel Naji Al Hammadi is currently working as a Forensic Evidence Expert, World Examiner, American IAI Organization, Sharjah Police, UAE.
- 5.** Capt. Mohammad Alsuiwaidi is a Certified Latent print Examiner IAI International Association of Evidences, Dubai Police.
- 6.** Adv. Desiree David, Lecturer, Nelson Mandela University, Chairperson of South African Medico Legal Association, Eastern Cape.
- 7.** Ms. Sheetal Bhardwaj is a Financial Crime Auditor, Executive board Member, Association of Certified Financial Crime Specialist, New Zealand.
- 8.** Dr. Arun Sharma is Retd. Director, Directorate of Forensic Science Services (DFSS), Junga, Himachal Pradesh, India.
- 9.** Dr. R.K. Sarin is currently working as a Director, Forensic Science Laboratory (FSL) Andhra Pradesh, India.
- 10.** Dr. Meenakshi Mahajan is currently working as a Deputy Director, Regional Forensic Science Laboratory (RFSL) Dharamshala, Himachal Pradesh, India
- 11.** Dr. Ajit Grewal is currently working as a Deputy Director, FSL, Madhuban, India.
- 12.** Dr. Geetanjali is currently working as a CEO, LEDEX, Indore, India.
- 13.** Dr. Pradeep Nair is working as a Financial Crime Auditor, India.

Report of the Program:

Introduction: Technology has become an integral part of the learning process, research and publications. With the implementation of the Common Core Learning Standards, the technical skills and knowledge required for research and academics are more valuable than ever. This

workshop is providing the platform for researchers, academicians, and scholars to get introduced with the working of different divisions of Forensic Science Laboratories in India and Abroad by eminent Forensic Experts and Scientists.

Objective of the Event: To develop an understanding of the various techniques and analytical procedures employed in the distinct Forensic Science laboratories and related organizations at international and national levels involving the importance of enforcement of law to serve the justice.

Brief content of event:

DAY 1: 18th October 2021

Moderator: Ms. Nidhi Hooda, Assistant Professor, Department of Forensic Science, Faculty of Science, SGT University, Gurugram, India

The workshop was started on 18th October 2021 at 10.00 am with the inaugural session. Initially, **Ms. Nidhi Hooda, Convener, FORENSIA-2021, Assistant Professor, Department of Forensic Science, Faculty of Science (FOSC), SGT University (SGTU)** introduced the workshop's theme and welcomed all the dignitaries and attendees. **Prof. (Dr.) Ramesh ChanderKuhad, Pro-Chancellor, SGT University** inaugurated the event. He enlightened the students with his words of wisdom. He shared his 40 years of research experience and explained how research varied in different decades. He also appreciated Department of Forensic Science, for organizing this valuable international workshop.

Title: “Challenges in latent print processing and comparison”

Speaker: Capt. Mohammad Alsuwaidi, Certified Latent print Examiner IAI International Association of Evidences, Dubai Police.

In his talk, he briefly covered about the the audience regarding challenges in latent print processing and comparison via interesting case studies and topographies and anatomy of fingerprints.

Picture of the event:

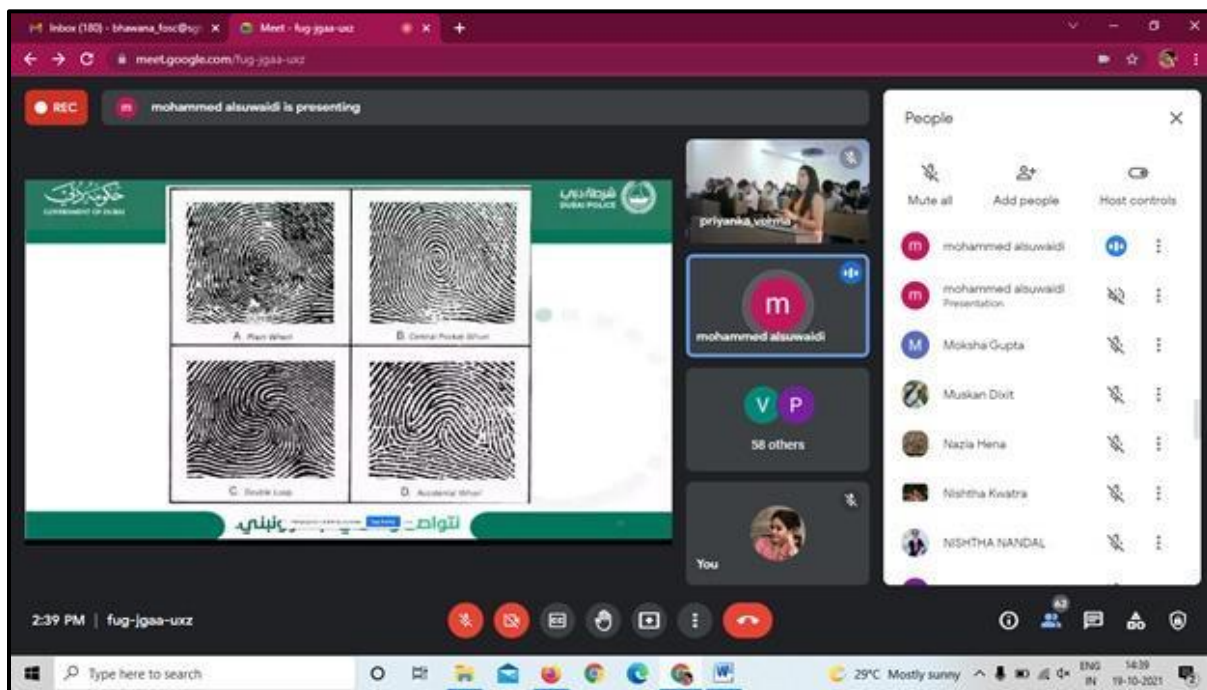

Figure.3. Captain Alsuwaidi delivering his lecture on the challenges in latent print processing and comparison

DAY 3: 20th Oct 2021

Moderator: Ms. Shreya Arora, Assistant Professor, Department of Forensic Science, Faculty of Science, SGT University, Gurugram, India

Invited Lecture 7

Title: “Asphyxia and Unnatural sexual offence - Case Study”

Speaker: Dr. Sara Al Mughawi, Medico Legal Examiner, Head of Medical Section, Dubai Police.

In her talk, she discussed about various sexual offences and different aspects of autopsy procedure via discussing real case studies.

Picture of the event:

Image:-1 Dr. Sara Al Mughawi delivering her lecture on the challenges in examining unnatural sexual offences.

Invited Lecture 8

Title: “Homicidal, suicidal and accidental death - case study Forensic Ballistic”

Speaker: Dr. Ajit Grewal, Deputy Director, FSL Madhuban, India.

In his talk, he beautifully explained the regular processes and procedures of the forensic science laboratory in ballistics division.

Picture of the event:

DAY 4: 21st October 2021

Session-1

The session was chaired by Ms. Megha Walia, Assistant Professor, Department of Forensic Science, SGT University.

Invited Lecture -9

Title:- Cyber Forensics- A perspective

Speaker(s):- Dr. Meenakshi Mahajan, Deputy Director at Regional Forensic Science Laboratory, Dharmshala, Himachal Pradesh.

In the talk, she briefly covered:

- Digital crimes and various aspects cyber-attacks.
- Few famous case studies
- Data recovery from mobile phones

Session-2

Invited Lecture -10

Title:- Forensic Firearm examination from crime scene to court.

Speaker:- Col. Naji Al Hammadi

In the talk, he briefly covered:

- Firing mechanism process
- Forensic firearm examination
- Firearm case studies

Vote of Thanks: The vote of thanks for the fourth day of the workshop was delivered by **Dr. Bhawana Joshi, Assistant Professor, Department of Forensic Science, Faculty of Science, SGT University, Gurugram**

DAY 5: 22nd October 2021

Session-1

The session was chaired by Ms. Nidhi, Assistant Professor, Department of Forensic Science, SGT University.

Invited Lecture -12

Title:- Financial Crime Compliance

Speaker(s):- Dr. Pradeep Nair Financial Crime Auditor, India and Ms. Sheetal Bhardwaj Financial Crime Auditor, Executive board Member, Association of Certified Financial Crime Specialist, New Zealand.

In the talk, they briefly covered:

- Risk and Compliance profession.
- Need of experts in the field of Forensic Accounting Frauds

Budhera, Gurugram-Badli Road, Gurugram (Haryana) – 122505 Ph. : 0124-2278183, 2278184, 2278185

- The importance of analytical thinking
- Few famous case studies

Session-2

Invited Lecture -13

Title:- Forensic Toxicology- General Introduction and Case Studies

Speaker:- Dr. R.K. Sarin Director, FSL Andhra Pradesh, India

In the talk, he briefly covered:

- Use of forensic toxicology
- Examination of forensic exhibits
- Real Case Studies

Picture of the event:

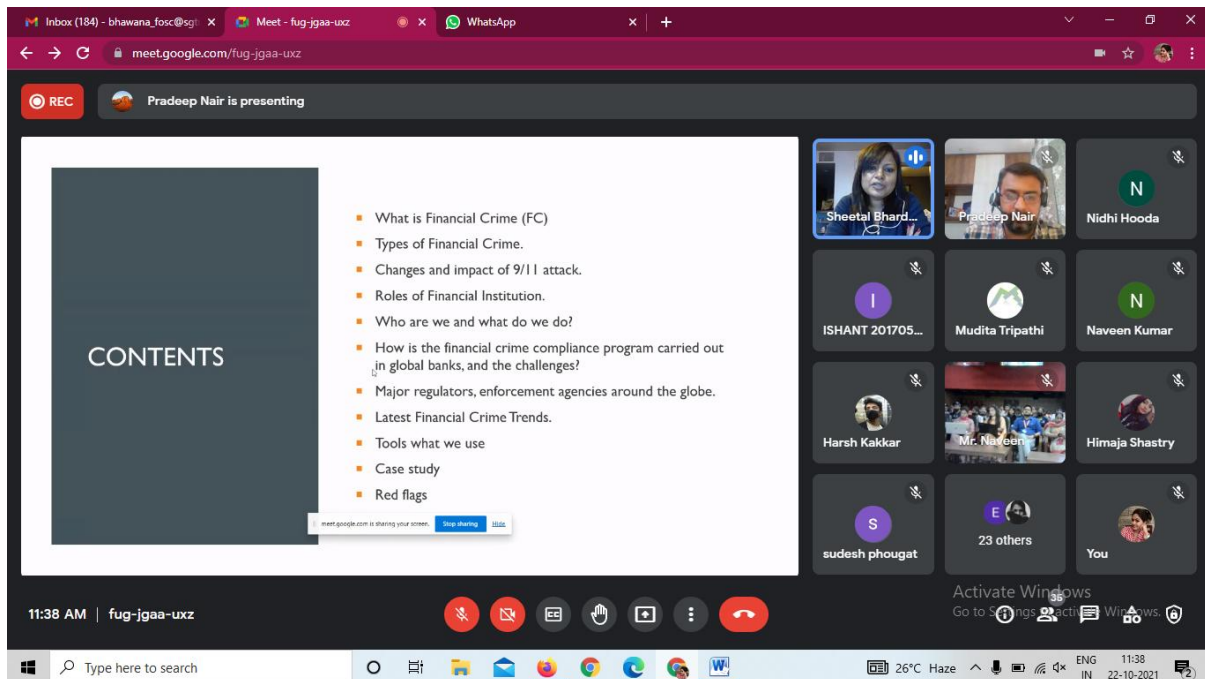

Image:-1 Dr. Pradeep Nair Financial Crime Auditor, India and Ms. Sheetal Bhardwaj delivering their lecture on Need of experts in the field of Forensic Accounting Frauds.

Brief Profile of Speaker: DrArunSanduja - physiotherapist/Director, Millwoods physical therapy centre, Edmonton, Alberta, Canada.

Organizers:FACULTY OF PHYSIOTHERAPY

Report of the Webinar:Faculty of physiotherapy, SGT University takes keen interest in providing its students national and international exposure to various subjects related to physiotherapy. On February 1st, 2022 Faculty of Physiotherapy organised an online one-hour webinar on vestibular system in benign paroxysmal positional vertigo (BPPV) by resource person DrArunSanduja - physiotherapist/Director, Millwoods physical therapy centre, Edmonton, Alberta, Canada. Over 150 participants from all across India joined this virtual event. The speaker DrArunSanduja not only cleared the concept of BPPV to the students but also taught them about its clinical features, epidemiology and physiotherapy management with eye capturing demonstration. The session ended with an interactive Q & A session. MPT students & FACULTY MEMBERS from SGTU took a vigorous participation in this round. Faculty of physiotherapy plans to organize seminars like this in upcoming future where students can get a lot more information in the field of their interests.

The screenshot shows a Cisco Webex meeting interface. At the top, there are tabs for 'Cisco Webex Events', 'Event Info', and 'Hide Menu Bar'. Below this is a toolbar with 'File', 'Edit', 'Share', 'View', 'Audio & Video', 'Participant', 'Event', and 'Help'. A row of participant thumbnails is visible, including 'DR JAGANJYOTI DAS', 'Arun Sanduja', 'Dr Anushree Rai', 'Sajjan Pal', 'Dr. Saurabh Kumar', and 'Dr. Siddhartha'. The main content area displays a presentation slide from 'Acrobat Reader' titled 'Manual in person Intro presentation 2021.pdf'. The slide contains the following text:

- Compensates for body tilt by righting the head towards the earth vertical, torting the eyes opposite to the body tilt and elevating the dependant eye
- OTR is driven by input from the otoliths
- Right body tilt – right eye elevates, left eye depresses, both eyes torsion to the left and head tilts to the left on the body

On the right side, a 'Participants (82)' panel is open, showing a search bar and a list of participants with their initials and names. At the bottom, there are controls for 'Unmute', 'Start video', 'Share', and 'Record'. The Windows taskbar at the very bottom shows the search bar, system tray, and date/time (11:24, 01-02-2022).

The screenshot shows a Cisco Webex meeting interface, similar to the one above. The main content area displays a presentation slide from 'Acrobat Reader' titled 'Manual in person Intro presentation 2021.pdf'. The slide features a diagram of the inner ear with the following labels:

- cupula
- ampulla
- cupulolithiasis
- canalithiasis

The diagram shows a 3D view of the inner ear with purple and blue structures. The labels point to specific parts of the ear. On the right side, a 'Participants (79)' panel is open, showing a search bar and a list of participants. At the bottom, there are controls for 'Unmute', 'Start video', 'Share', and 'Record'. The Windows taskbar at the very bottom shows the search bar, system tray, and date/time (11:29, 01-02-2022).

Brief Profile of Speakers:

- 1.** Dr. S. K. Deshpande is currently working as a Distinguished Fellow at Sanrachana, SGT University, Gurugram, India. He retired with the honorable position of Scientist G and Head, Research and Development for Industry (RDI), Department of Scientific and Industrial Research, Ministry of Science and Technology, New Delhi, India.
- 2.** Mr. Deepak Handa is retired with the honorable position of Principal Scientific Officer, Ex-Deputy Director & Head of Department, Documents, Central Forensic Science Laboratory, Central Bureau of Investigation (CBI), New Delhi, India. He is currently working as a freelancer Question Document Forensic Expert.
- 3.** Mr. Amit Gussain is currently working as a Regional Environmental Health & Safety Manager, Hewlett-Packard (HP), a computer hardware company. He is having a rich industrial experience of 9 years.
- 4.** Dr. Sunil Kumar Sharma is currently working as a Scientist E & Additional Director, Solid State Physics Laboratory, Defense Research, and Development Organization (DRDO), Ministry of Defense, New Delhi, India.

Organizers: Prodigy- A Science Association, Academic Association, Faculty of Sciences, SGT University, Gurugram, India.

Report of the Program:

Introduction: To match aspirations with reality and aim, academic counseling is the important and substantial process a student must go through for a better understanding of themselves, their goals, and to improve their abilities to make realistic decisions to gain the right expertise according to their skillset and interest. This Open House-Interactive session was organized to provide the platform for students to interact with distinguished and experienced academicians, distinguished scientists, field, and industry experts to learn various aspects of different fields of sciences including merits and joy of learning science, job opportunities, research opportunities, freelancing, current trends in interdisciplinary sciences, etc. to excel their future.

The objective of the Event: To develop an understanding of the various aspects of different fields of sciences involving job opportunities, research, and industry-oriented curriculum, research and development.

Report of the Webinar/ Event / FDP Program:

- a) **Introduction:** The expert Talk was organised for the BALL.B VII , BBALL.B VII & LL.B III students of Faculty of Law
- b) **Objective of the Drive :** The object of the drive was to make the students know more about Public International Law as a Law in its True Sense.
- c) **Brief content of Drive-** Under the Legal Manthan, an Academic Association of Students , Faculty of Law, SGT University organized Virtual Expert Talk on PUBLIC INTERNATIONAL LAW by Dr Benarji Chakka, Dean & Professor of Law, School of Law, VIT -Andhra Pradesh on 24th January 2022 at 11AM" .The welcome address was given by Prof (Dr.) Sanjay Kumar Pandey, Dean, Faculty of Law.The session was very informative for the students. The students actively interacted with the expert. The students got the insights about the basics of Public International Law and whether it's a true law or not. Further the guest also discussed about the practical aspects of public international law. The event was moderated by Ms. Vasundhara, student, BA LLB, VII semester.

Report of the Event

a) Introduction of the Event:

One Day Virtual Workshop On Environmental Impact Assessment & it's effectiveness in India: An analysis of EIA draft notification of 2020 was organized on the occasion of World Environment Day to discuss the EIA Draft notification 2020.

b) Objective of the Training /webinar/ Event / FDP:

To discuss the major notification relating to EIA and its impact on Environment Laws

c) Brief content of Event-

The Draft EIA Notification which was issued in March 2020, continued the tradition of creating an industry-friendly EIA process in India. Rather, it almost made the situation worse. The draft notification proposed to take away the voice of people by exempting the stage of public consultation from a range of projects and by reducing the time period for filing written objection from 30 days to 21 days. The draft notification provided an opportunity to all the industrial units and projects, which were operating illegally without environmental clearances to turn into legal units just by submitting a remedial plan and by paying the prescribed penalty. However, this provision will not be able to undo the harm caused to the environment by these industrial units and projects. Entry 42 of the schedule proposed to increase the threshold area for the projects which do not require EIA from 20,000 sq. kilometers to 1, 50,000 sq. kilometers. This means that

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC Approved) Gurugram, Delhi-NCR

Budhera, Gurugram-Badli Road, Gurugram (Haryana) – 122505 Ph. : 0124-2278183, 2278184, 2278185

a larger number of projects now will not require EIA. It is however, a fact that mostly small-scale enterprises and medium enterprises are the ones which cause more damage to the environment than the large-scale industries. The draft notification also proposed to change the current requirement of filing a compliance report from every six months by the industrial units and projects to just one yearly report.

Recently, in April, 2022, the Government has introduced some major amendments in the 2006 EIA notification which again raise the same issues of equity and justice. The notification issued on 12th April, 2022, has extended the validity period of a prior environmental clearance granted to start various projects. It would mean that the next review for environmental review will take place after a long period of time. Similarly, the notification issued on 20th April, 2022, grants power to the Central government to assess and grant environmental clearance to the projects under national defense or security importance, instead of the state.

Event Organizer: Dr. Mahalingam M, Associate Professor, Faculty of Law, SGT University

No of Participants----125

Report of the Webinar/ Event / FDP Program:

a) **Introduction:** The expert Talk was organised for LLM. BALL.B IX, BBALL.B IX&Ph.D. Scholars of the Faculty of Law

b) **Objective of the Drive :** The object of the drive was to make the students know about. **“Importance of Research & Publication Ethics for Academic Integrity**

c) **Brief content of Drive-** Under the Legal Manthan, an Academic Association of Students , Faculty of Law, SGT University organized Virtual Expert Talk on “Importance of Research & Publication Ethics for Academic Integrity” on 19th January,2022 from 11 AM onwards. The guest speaker was Prof. (Dr.) Partha Pratim Mitra, Professor, School of Law, Galgotias University, on behalf of the entire Faculty of Law, SGT University. The welcome address was given by Prof (Dr.) Sanjay Kumar Pandey, Dean, Faculty of Law. The event was moderated by Dr. Mahalingam, Associate Professor from the Faculty of Law was the convener of the event.

Professor Mitra, started the lecture by emphasising on the importance of research for every student for that matter. After quoting the reports of 2020, he brought to the notice of the audience that out of as many as 300 universities, not even a single Indian university could make a mark in the field of international research, because we lack in maintaining the standard of competition with those western countries. The issue identified by the UGC is that Indian researches does not match, or rather we lack the ethical standards, and therefore there is a need for some basic standards to maintain “academic integrity”.

Budhera, Gurugram-Badli Road, Gurugram (Haryana) – 122505 Ph. : 0124-2278183, 2278184, 2278185

Professor Mitra also explained his thoughts and concepts with the help of a power point presentation. According to him, there must be a moral responsibility behind every invention. There should be moral regulations that ought to regulate a researcher, and the researcher should not go beyond those ethics in any manner. He also quoted Justice J.S. Verma, who had also emphasised the need for every research to be ethics oriented, and above all the need for educational ethics.

Our guest speaker also explained the thin line difference between ethics and morality, and showed us how the two concepts are rather similar. He stated that while ethics is the name of the subject, it is an external matter, while morality is an internal matter. Giving examples from life of Abraham Lincoln, he explained that, while a person may be ethically correct, but he may not be morally correct also. Therefore summarily, every researcher should follow rules to maintain ethics, which will lead to honesty and will ultimately lead to academic integrity.

Through this lecture, we also got to understand various international protocols and declarations in the light of research ethics, like the Nuremberg Code, which is the first example of ethical codes in the modern history, then the three pillars of research mentioned in the Belmont Report, Cartagena Protocol on Bio-Safety, and the Nagoya Protocol on Access and Benefit Sharing. All these declarations and protocols indicate to one fact that whenever a human being, or a biological element is the present on research, the researcher is subject to research ethics. The fact that how to maintain this academic integrity was also stressed upon the speaker, and the first rule that comes up is to eliminate plagiarism, after which there is a need to maintain scientific conduct, and eliminate scientific misconduct. Also, there is need for elimination of redundant publication, which doesn't develop or enlarge the research activity.

The lecture further continued with the need for citation after publication, because it is rather more important that a research paper is cited, and known to, and referred by others. Acknowledgment of others work indicates honesty of every intellectual, and will ultimately bring academic integrity.

The enlightening lecture ended with the findings of Justice Deepak Mishra, that research is the biggest area for any country to mark its place in international research arena. It is that even after having numerous NLUs in the country, India fails to make a recognisable space in legal research. With this the guest lecture requested everyone to be intellectually honest and thereby bring academic integrity.

After this the platform was opened for an interesting question and answer session by our convener, Dr. M. Mahalingam. Certain interesting questions were asked, as to how to identify a predatory journal by a researcher, to which the stress was laid down by the speaker upon checks

Report of the Event

a) Introduction of the Event:

The Organizing Committee, Faculty of Law, SGT University organized the *Overview of law of Evidence* on 24th of May, 2022 for the students of BA LLB(H), BBA LLB (H) and LLB from 2nd year to final year. The all students were eligible to become the volunteers for the event.

b) Objective of the Training /webinar/ Event / FDP:

The objective is to help the students to learn the fundamentals & advanced skills of evidence. It will also help the students to develop the core skills of research and writing, argumentation and presentation. It aims to work towards the self-development of students and also provide them with the knowledge, skills and experience in area of legal practice as well as judiciary examination.

c) Brief content of lecture-

- The event started with the Inaugural ceremony at 10:15 am. The welcome address was proposed by Prof (Dr) Sanjay Kumar Pandey, Dean, Faculty of Law,

SGT UNIVERSITY

Organizers:

Convenor:Dr.Mahalingam M, Associate Professor, Faculty of Law, SGT University

Report of the Event:

The Faculty of Law organized a guest lecture on Law and Social Change in Contemporary India on 17th May, 2022 at the Seminar Hall of the Faculty of Law. There were about 61 students who participated in the guest lecture. He argued that Law is not only for establishing social order, but also for social change. If social acceptance is there for any laws, then only. it will be an effective tool for social change. He cited various acts namely Hindu Marriage Act (1955); Hindu Succession Act (1956);Hindu Adoption Maintenance Act (1956);Children’s Act (1960);Dowry Prohibition Act (1961); Widow Remarriage Act (1856) and its social impacts on society. He traced legal developments from colonial period to the contemporary period and dwelt upon its social impacts. He discussed about the flip side of law and its relationship with social change. It was a great learning, insightful and engaging session. The guest lecture ended with a vote of thanks by and Dr.Mahalingam, Coordinator of guest lecture.

Organizers: Mr. Azad Singh, Ms. Sarita Ranga

No of Participants-----77

Report of the Event :

a) Introduction: The Faculty of Law in coordination with Sanrachna, SGT University organized a Seminar on the topic of “**International Business Transactions and U.S Tort Law**” in which the distinguished resource persons were from the **School of Law, University of Missouri, Kansas City** and **The Supreme Court of India**.

The seminar was attended by the students of the Faculty of Law and Faculty of Commerce and Management along with the faculty members.

b) Objective of the Event: The objective of the Seminar was to understand the Tort Laws in the United States legal system and Indian Tort Law with context to International Business Transactions.

c) Brief content of the Event:

The seminar began with the elucidation of the terms Law of Torts and Business Laws. The resource persons discussed the following points

- **Mr Siddharth Luthra, Senior Advocate, Supreme Court of India**, highlighted that in the United States of America the U.S Tort Law is developed and India is still learning from the U.S. However, there are various laws which have been updated. For Example- Environment Laws, Consumer laws and Intellectual Property laws. Indian transborder business relationship is developing and so are the International Business laws. He has emphasised the need to have legislation for the epidemic.
- **Prof. Thomas Nanny, University of Missouri, Kansas City** discussed a US case law filed by Indian National from Gujarat. With the example of this case which was decided in 2019, he emphasised that International Organisations need immunity to function efficiently.
- **Prof. Timothy Lynch, Associate Professor, School of Law University of Missouri, Kansas City** discussed various Intellectual Property Rights. He used the examples of compulsory Licencing for Covid vaccines and discussed the importance of the TRIPS agreement. He further discussed the issues in the pharmaceutical industry. Further, he emphasised the importance of negotiation with the Patent Holder for licencing.

- **P K Malhotra, Former Secretary, Ministry of Law & Justice** (In absentia) his points were discussed by Mr. Rajneesh Wadhwa, Dean, External Affairs, SGT University discussed the common law system adopted by the US. He also discussed various International Agreements of which India is a signatory.
- **Sujatha Balachander, General Counsel – Earnst & Young** discussed the impact of Covid on the Economy and Business Transaction. She explained the importance of Jurisdictional understanding and also stated that nowadays Fraud and Negligence are defined very clearly in contracts.

The event was successfully completed with a vote of thanks given by Prof. (Dr.) Sanjay Kumar Pandey, Dean, Faculty of Law, SGT University followed with high tea.

Guest of honour

Dr. Ayaz Ahmad, Associate Professor, United World School of Law, Karnavati University

Report of the Event

a) Introduction of the Event:

TheLegalManathan, An Academic association of students organised a Guest Lecture (Virtual) on the topic: "Illusory Promises of the Doctrine of Basic Structure" at 10:00 am on 2nd April 2022 by Dr. Ayaz Ahmad, Associate Professor, Karnavati University.

Objective of the Training /webinar/ Event / FDP:

The objective is to help the students to understand the doctrine of Basic Structure and its application in present day legal system.

b) Brief content of lecture

It was a very informative and enlightening lecture for the students as the speaker took the students to a journey from Shankari Prasad to Keshwananda Bharati Judgments and various legal issues involving Amendment of the Constitution of India. The speaker also discussed the Parliament's power of Amendment under Article 368 of the Constitution of India. Further, emphasis was given on the contradictions between the Judiciary and Parliamentary powers.

c) Banner/ Picture of Event: Good quality picture with legends is mandatory

Report of the Event:

The Heritage Club of the Faculty of Law organized a heritage walk in collaboration with KARWAN: The Heritage Exploration Initiative on 27th April, 2022 at Lodhi Art district in Lodhi Colony, New Delhi. There were about 30 registered students from the Faculty of Law. The walk was started at 5pm as scheduled. The Walk began with a brief introduction of the Walk Leader Mr.Gaurav Sharma. He conducted the walk in the open street art gallery located in Lodhi colony. He explained the significance of every art drawn on the walls. He brought to limelight the nuances of every art. It was an insightful and fruitful exercise. The wall arts were done by foreign and Indian artists. The wall arts were about various social, economic, political and cultures issues of the world and India. He explained about 25 wall arts on the different blocks of Lodhi colony. The walk was interrupted with quizzes and puzzles. The walk was a learning and enjoyable. The walk enhanced knowledge of participants on the modern art. The walk lasted for two hours. The walk ended with a vote of thanks by Prof.Rajan Rai and Dr.Mahalingam, Coordinator of the Heritage Walk. The students were taken back to campus by a chartered bus of university.

No of Participants-----122

Report of the Event:

a) Introduction: The Faculty of Law, SGT University organized a Seminar on the topic of “**Bar-Bench Relation: The Backbone of Justice Delivery System**” in which the distinguished experts were from the Hon’ble Supreme Court of India, Bar Council of Delhi and the University of Delhi. The seminar was attended by 64 students of the Faculty of Law along with the faculty members.

b) Objective of the Event: The objective of the Seminar was to understand the relation between the Bar- Bench and the Justice Delivery System in which the two wheels are the Bar which refers to the Advocates and the other wheel is the Bench which refers to the Judges.

c) Brief content of the Event:

The seminar began with the introduction of the SGT University, Thereafter, the experts discussed the following points: -

- **Prof. (Dr.) Gunjan Gupta, University of Delhi-** The Hon’ble expert introduced the relation between Bar and Bench and relied on the importance of the role of Professional Ethics in the Justice Delivery System.
- **Advocate Murari Tiwari, Chairperson of Bar Council of Delhi-** Mr Tiwarishared his journey as a first-generation lawyer to becoming the chairperson of the Bar Council of Delhi. He covered the aspect of Bar Association, Bar Council and the interrelationship between the Bar Councils and Bench.
- **Mr Pradeep Rai, Senior Advocate & Vice President, Supreme Court Bar Association,** highlighted the Bar and Bench relation in the Supreme Court of India and also motivated the students of the Faculty of Law for making a career as a Bar member or as a part of Bench.

Department of Mechanical Engineering

“Recent Advancements in Materials and Digital Manufacturing”

Type of event: Skill Development Programme (SDP)

Date: 5th to 9th October 2021

Time: 10:30 AM-12:00 PM & 02:00 PM to 03:30 PM

Venue: Cisco Webex, Online mode

Organizer: Department of Mechanical Engineering, FEAT-SGT University.

Objective : The main objective of the SDP is to aware the students about the importance of Mechanical Engineering and the role of Artificial Intelligence in future growth.

About the Speakers/Guests:

1. **Prof. Ravinderjit Singh Walia**, Professor & Head, Production and Industrial Engineering, PEC, Punjab
2. **Prof Qasim Murtaza**, Professor, Department of Mechanical Engineering, Delhi Technological University
3. **Dr. Sudhansu Ranjan Das**, Associate Professor, Department of Production Engineering, Veer Surendra Sai University of Technology
4. **Prof. Brijesh Kumar**, Professor with CSE Department, Faculty of Engineering & Technology, MRIIRS

5. **Dr. Girija Moona**, Senior Scientist-Length, Dimension and Nanometrology section at CSIR-National Physical Laboratory (the National Metrology Institute of India), Delhi.
6. **Dr. Aruna Kumar Behura**, Assistant Professor (Senior), School of Mechanical Engineering, Department of Thermal and Energy, VIT University,Vellore.
7. **Dr. Rohit Singh Lather**, HOD Mechanical Engg. Dept. at The NorthCap University.
8. **Dr. V. Dhinakaran**, Professor & DEAN (R & D), Chennai Institute of Technology, Chennai.
9. **Dr. T. Senthil**, Head Institue Industry Interface Program Sharda Group of Institutions (Agra & Mathura)
10. **Dr. Tushar Choudhary**, Assistant Professor, Indian Institute of Information Technology Design and Manufacturing Jabalpur
11. **Prof. Vineet Jain**, Professor (Mechanical Engineering), Mewat Engineering College.
12. **Dr. Susanta Behera**, Assistant Professor, Department of Mechanical Engineering, NIT Surat.

Audience: 125 participants and faculty members from various reputed institutions, Govt. and self-financed state universities and organizations.

Brief Report:

At SGT University, Faculty of Engineering and Technology, Association of Engineers & Technocrats and Department of Mechanical Engineering we organized a Five Days online FREE Skill Development Progmamme (SDP) on “Recent Advancements in Materials and Digital Manufacturing”.

The expert talk was delivered by 12 Eminent Researchers from various NITs, DTU, PEC, State Universities and Engineering Institutions.

Day 1 (05.10.20201): The SDP was inaugurated by the Chief Guest, Dr. S. K. Deshpande, Former Scientist – DSIR, who motivated the participants and discussed the importance of Digital Manufacturing in Industries to improve their quality and productivity. The first day was concluded with the expert session by Prof. Ravinderjit Singh Walia, PEC Chandigarh and Prof. Qasim Murtaza, DTU Delhi, on Smart Manufacturing and Thermal Spray Coatings, respectively.

Day 2 (06.10.20201): Dr. Sudhansu Ranjan Das, Associate Professor discussed the Machining of Hardened Steels and its Challenges and Prof. Brijesh Kumar, Professor expressed the importance of Scientifics Computations using SciLab.

Day 3 (07.10.20201): Dr. Girija Moona, Senior Scientist, delivered the expert talk on Role of Metrology in Green Manufacturing. There was a special session on this

day that was delivered by Dr. Aruna Kumar Behura, Assistant Professor. He suggested the use of nanoparticles on PCM based on Solar Thermal Applications. Dr. Rohit Singh Lather, HOD, discussed the Additive Manufacturing and Bio-Materials in Automotive Industry in the 3rd session of the day.

Day 4 (08.10.20201): Dr. V. Dhinakaran, Professor & DEAN (R & D), suggested the Application of Machine learning in Additive Manufacturing. There was another special session on this day that was delivered by Dr. T. Senthil, Assistant Professor. He discussed the importance of Collaborative Robots towards Industry 4.0 and Dr. Tushar Choudhary, Assistant Professor, discussed the Significance of Robots in Fourth Industrial Revolution (4IR) in the 3rd session of the day.

Day 5 (09.10.20201): Prof. Vineet Jain, Professor, delivered the expert talk on Critical Success Factors of Industry 4.0 and Dr. Susanta Behera, Assistant Professor, discussed the Smart Materials and Structures and its Application in Engineering in last session of the SDP followed by the valedictory session. In this session, Dr. Ashwani Kumar, Associate Professor, Mechanical Engineering Department, FEAT, SGT University expressed his vote of thanks for all the Guest Speakers and the participants for their contribution in successful organization of this Five Days Skill Development Programme.

Learning Outcome:

This Skill Development Programme was very useful for the students as well as faculty members, specially for the young researchers who have registered in the M.Tech and Ph.D programs.

These sessions will encourage them to explore scope of finding research are a in the field of Smart Materials and Digital Manufacturing. In addition to that the Guest Speakers of the SDP have also welcomed the participants for any further query and help in their process of research work.

“Mechanical Engineering is Hear to Stay”

Type of event:Expert Talk

Date:27/09/2021

Time: 10:30A.M.-12:00 P.M.

Venue: Cisco Webex, Online mode

Organizer:Department of Mechanical Engineering, FEAT-SGT University.

Objective :The main objective of the Expert talkis toaware the students about the importance of Mechanical Engineering and the role of Artificial Intelligence in future growth.

About the Speakers/Guests:

- **Dr. S.K. Deshpande, Former Scientist, Department of Scientific and Industrial Research (DSIR)**
- **Prof. Snehasis Ghosal, Ex. Chief General Manger, Rico Auto Industries Limited & Yamaha Motors India Pvt. Ltd.**
- **Mr. Sunny Pathak, Co-Founder, Samatrix Consulting Pvt. Ltd.**

Audience: 37students and faculty members from FEAT-SGT University.

Brief Report:

At SGT University, Faculty of Engineering and Technology, we organized a webinar on “Mechanical Engineering is Hear to Stay”.The expert talk was delivered Dr. S.K. Deshpande, Former Scientist, Department of Scientific and Industrial Research (DSIR),and Prof. Snehasis Ghosal, Ex. Chief General Manger, Rico Auto Industries Limited & Yamaha Motors India Pvt. Ltd.

The lecture was started with the welcome note delivered by Dr. Rajneesh Wadhwa, Director-Industry Academia Partnership, SGT University. He welcomed the Expert Speakers and the audience. He emphasizes the use of new technologies integrating with the Mechanical Engineering.

Mr. Sunny Pathakdelivered the opening lecture. He demonstrated the role of Artificial Intelligence in Mechanical Engineering with the help of Auto Driving Car.

Dr. S.K. Deshpande addressed the scope of Mechanical Engineering in the future with the help of automation and digital manufacturing. He also demonstrated the smart materials and the future electric vehicles in the world in the coning years.

Prof. Snehasis Ghosal shared his experience of the auto industries and compared the technologies used in industry 1.0 and 4.0. He also suggested the transformation of technologies in the industry 5.0.

Academia Partnership
SGT University

Learning Outcome:

In this lecture the students learned the growth of technologies in the industry from industry 1.0 to 4.0. They also realized the importance of digital manufacturing in the future of the industry.

They can imagine the future scope of the Mechanical Engineering with the integration of soft computing and Artificial Intelligence. It become at most important for the Mechanical Engineers that they must have to learn the computer-based technologies in order to meet the future demand and quality standards of industrial goods.

Shortcomings:(i) Less Audience

Virtual Open House on “Mechanical Engineering is Hear to Stay”

DATE 27/09/2021

Attendance Data

Timings 10:30A.M. - 12:00 P.M.

The screenshot displays a Cisco Webex Events interface for a virtual open house. The main content area features a 3D rendering of a car's interior and exterior views, including a dashboard with a navigation screen and various camera feeds labeled "LEFT REARWARD VEHICLE CAMERA", "MEDIUM RANGE VEHICLE CAMERA", and "RIGHT REARWARD VEHICLE CAMERA". The interface includes a top navigation bar with "File", "Edit", "Share", "View", "Audio & Video", "Participant", and "Event Help". A top status bar shows "Cisco Webex Events | Event Info | Hide Menu Bar ^" and "Connected". A top participant bar shows "SGTU FEAT Host, me", "sunny", "Snehasis Cohost", "SGTU FEAT Cohost", and "Dr.S.K.Deshpande Cohost". A right sidebar shows "Participants (37)", "Panelists (7)", and "Attendees (30)". A bottom control bar includes "Unmute", "Start video", "Share", "Record", and "Participants". The Windows taskbar at the bottom shows the search bar, taskbar icons, and system tray with "31°C", "ENG", and "11:09 27-09-2021".

“New Age – Mechanical Engineering”

Type of event:Expert Talk

Date:21/09/2021

Time: 11:30A.M.-01:00 P.M.

Venue: Cisco Webex, Online mode

Organizer:Department of Mechanical Engineering, FEAT-SGT University.

Objective :The main objective of the Expert talk is to aware the students about the importance of Mechanical Engineering based technologies extended by intelligent functions through embedded AI solutions.

About the Speakers/Guests:

- **Dr. S.K. Deshpande, Former Scientist, Department of Scientific and Industrial Research (DSIR)**
- **Dr. Sumer Singh, Professor, Department of Design, IIT Delhi**

Audience: 35students and faculty members from FEAT-SGT University.

Brief Report:

At SGT University, Faculty of Engineering and Technology, we organized a webinar on “New Age – Mechanical Engineering”.The expert talk was delivered • Dr.

S.K. Deshpande, Former Scientist, Department of Scientific and Industrial Research (DSIR) and Dr. Sumer Singh, Professor, Department of Design, IIT Delhion 21st September 2021.

The lecture was started with the welcome note delivered by Dr. Rajneesh Wadhwa, Director-Industry Academia Partnership, SGT University. He welcomed the Expert Speakers and the audience. He has also introduced the webinar topic and its importance for the future engineers.

Dr. S.K. Deshpande delivered the opening lecture and described the importance of Mechanical Engineering with conjunction of Artificial Intelligence in the industry 4.0. He has also motivated the students and addressed the scope of Mechanical Engineering in the future.

In continuation of this subject, Dr. Sumer Singh suggested the scope of research and innovation in the field of Mechanical Engineering with the collaboration of IoT. Further, He has also Explained the new technologies being used as an easy alternate of gas stoves for the heating purpose where there the availability of cooking gas is nearly impossible i.e. bus, train, mountains etc.

The poster is for a webinar titled "Virtual Open House on NEW AGE MECHANICAL ENGINEERING". It features the SGT University logo and the Department of Mechanical Engineering, Faculty of Engineering & Technology. The event is organized by the department and focuses on topics like Electric Vehicle, Mechatronics, Robotics, Computer Enabled Manufacturing, and Artificial Intelligence & Machine Learning. The webinar is scheduled for 21st September 2021 at 11:30 AM. The poster also lists four industry and academia experts: Dr. S.K. Deshpande (Former Scientist, DSIR), Dr. Sumer Singh (Department of Design, IIT Delhi), Sunny Pathak (Co-Founder, Samatrix Consulting Pvt Ltd), and Mr. Rajneesh Wadhwa (Director-Industry Academia Partnership, SGT University). Learning Outcome:

One of the key outcomes of this expert talk that we shouldn't stop thinking about improvements in the existing technology. The students received a great motivation and direction for building their career in the field of Mechanical Engineering with the contribution of soft computing and automation.

The audience have also experienced a few new technologies and innovation that contributed a lot for the benefit of society as well as environment. They realized the scope and importance of Mechanical Engineering in the future sustainable growth of industries. It can be concluded from the expert's point of view that future will be in the hand of Mechanical Engineers with the digital technologies.

(UGC Approved University)

GURGAON, Delhi-NCR

Faculty of Engineering & Technology

Department of Civil Engineering

“Construction Site Visit-L&T Project”

DIAL Phase 3A Expansion Project, IGI Airport, New Delhi

Type of Event: Site Visit

Date:23/04/2022

Time: 10:00 AM to 03:00 PM

Venue: IGI Airport(Expansion Project)

Organizer:

Dr. Neeraj Saini, HOD &Assistant Professor, Department of Civil Engineering, FEAT.

Accompanying Faculty:

Mr. Aditya Kapoor, Assistant Professor, Department of Civil Engineering, FEAT.

Mr. Satyam Garg, Assistant Professor, Department of Civil Engineering, FEAT.

Objectives:

Site visits are crucial for a better understanding of civil engineering concepts and how civil engineering theory is put into practice. The main aim of the visit is to provide exposure to students to practical working environments. From this site visit, students will learn about the quality control techniques and on-site challenges at the project sites.

About the Speaker/Guest:

Mr. Shreebanta Kumar Das, JGM (Civil), L&T Construction, Delhi International Airport Project.

Audience:

UG Civil Engineering Students (06), Faculty Members (03), and Lab Technician (02) from the Department of Civil Engineering, SGT University.

Brief Report:

Construction site visits are interactive experiences that enhance students' understanding of real construction practices. Site visits create an interactive learning environment for students and provide exposure to a real-world spatiotemporal experience of a construction project. Visiting a real-time construction project or design office allows the students to develop a greater understanding of how civil engineering theory is put into practice. Keeping this thought in mind, **the Department of Civil Engineering, FEAT, SGTU organized a "Site Visit, at L&T Project, DIAL Phase 3A Expansion Project, IGI Airport, New Delhi, on 23 April 2022, from 10.00 AM to 03.00 PM.** The project engineer elucidated the two types of pavements, Fixed and Flexible. Later, the basic concepts involved in different experimentations such as the Los Angeles abrasion

value test of aggregates, softening point (ring and ball test) of bitumen, the penetration value test of bitumen, Marshall Stability test, were demonstrated, with on-site samples. Students also visited the control room, medical center and pavement laid section at the project site.

Learning Outcomes:

The site visit enabled the students to understand the quality control tests involved in the laying of pavements at different sites. Also, students learned about the instruments such as the Los Angeles abrasion value test of aggregates, softening point (ring and ball test) of bitumen, the penetration value test of bitumen, Marshall Stability test.

“Design of Highway”

Type of Event: Webinar

Date: 19/01/2022

Time: 02.00 PM to 03:00 PM

Mode: Google Meet

Organizers:

Dr. Neeraj Saini, HOD & Assistant Professor, Department of Civil Engineering, FEAT

Dr. Kiran Devi, Assistant Professor, Department of Civil Engineering, FEAT

Objectives:

To enhance the basic understanding of geometric design parameters that are involved in the design of highways. Design guidelines take into account speed, vehicle type, road grade (slope), view obstructions, and stopping distance. A transportation engineer can design a roadway that is comfortable, safe, and appealing to the eye, keeping these things in mind while designing of highways.

About the Speaker/Guest:

Mr. Triptesh Das, Deputy Engineer (Highway), Lea Associate South Asia Pvt. Ltd. He has worked on a number of projects in India and abroad.

Audience:

Above 30 students from the Department of Civil Engineering, SGT University were there.

Brief Report:

The Department of Civil Engineering, FEAT, SGTUniversity organized online training session on '**Design of Highway**' on 19th January 2022. The session started with various factors or parameters involved in the highway design. The expert discussed significance of various geometric design parameters i.e. design speed, design traffic volume, sight distance, alignments, cross section, lane width etc., superelevation, transition curve, set back distance, extra widening etc. in the road design for different lanes as a highway designer. The horizontal and vertical alignment of road was described. The lateral and vertical clearance in highway design was described in this session. The engineering importance of provision of drains in the roads was explained. The IRC (Indian Road Congress) recommended limit for various parameters was discussed in road design.

Learning Outcome: This webinar enablesthe civil engineering students to understand the basic concepts and importance of various geometric design parameters involved during the design of highways.

REC Triptesh Das is presenting

Elements of a combined circular and transition curve

Ls= Length of transition Lc= Length of Curve
Es: Apex distance T.P.:Tangent Point
S: Shift H.I.P.:Horizontal Intersection Pt.

2:30 PM | wiu-vaob-gxq

Triptesh Das, NAVEEN KUMAR, daiyan rehman, SUMUKH Vats, Kiran Devi, Ankit Rajawat, Kaushal Sharma, 20 others, You

REC Triptesh Das is presenting

Horizontal transition curve

- Transition curve: radius decreases from infinity to a designated radius over the length
- A transition curve between straight (tangent) and circular curve: radius changes from infinity (at tangent point) to the radius of the circular curve (at beginning of the circular curve)
- Rate of change of radius of transition curve: shape or equation of the curve

2:26 PM | wiu-vaob-gxq

Triptesh Das, NAVEEN KUMAR, daiyan rehman, SUMUKH Vats, Kaushal Sharma, Dr. Neeraj Saini, Ankit Rajawat, 20 others, You

REC Triptesh Das is presenting

The screenshot shows a Zoom meeting interface. On the left, a presentation slide is displayed with the title "Necessity for transition curve". The slide contains a diagram of a transition curve and two bullet points:

- Introduce gradually the centrifugal force between the tangent point and the beginning of the circular curve avoiding a sudden jerk on the vehicle
- Enable driver to turn the steering gradually with comfort and safety: easy-to-follow path for drivers

On the right side of the meeting window, there is a grid of participant avatars. The participants listed are: Triptesh Das (highlighted), NAVEEN KUMAR, dajyan rehman, SUMUKH Vats, Kaushal Sharma, Dr. Neeraj Saini, Ankit Rajawat, 21 others, and You.

At the bottom of the meeting window, there is a control bar with icons for mute, video, chat, and other functions. The time displayed is 2:27 PM and the meeting ID is wiu-vaob-gxq.

Webinar was focused on various parameters considered in Design of Highway

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY

(UGC Approved University)

GURGAON, Delhi-NCR

Faculty of Engineering & Technology

Department of Civil Engineering

Under the aegis of MOU between “SGTU & Hero Moto Corp”

organizes

One-Day Workshop: “Traffic Control Devices and Our Duties”

Type of Event: Workshop

Date: 27th April 2022

Venue: Room No. 308, E-Block,

Time: 02.00PM to 03:00 PM

Organizer:

Dr. Neeraj Saini, HOD & Assistant Professor, Department of Civil Engineering, FEAT

Mr. Satyam Garg, Assistant Professor, Department of Civil Engineering, FEAT

Objectives:

In the session, the speakers will be focused on sharing information related to safety guidelines, and preventive measures that each student must follow while driving two-wheelers. The session will aware the students of the emergency contact numbers and alerts them about road accident status in the country. The aim of this workshop is to provide road safety information for road users to encourage safer road user behaviour among current and prospective road users and reduce road accidents.

About the Speaker/Guest:

Mr. Sunil Malhotra & Safety Team Members of Hero Motocorp Ltd. He has 30 years of working experience in the Automobile Industry including 10 years in Road Safety.

Audiences:

Above 40 students (CE/ ME/ CSE) and faculty members from FEAT, SGT University.

Brief Report:

Road safety is of prime importance as road accidents are among the biggest causes of death in the country. Road safety entails the protection of all road users. Accident hazards on the road include dangers to the driver, passengers, and other road users while both business and leisure driving. The majority of today's traffic accidents are caused by either a lack of awareness of traffic guidelines or a disregard for traffic guidelines. Keeping all these aspects in mind, the **Department of Civil Engineering, FEAT, SGTU organized a One-day Workshop on 'Traffic Control Devices and Our Duties', on 27 April 2022 at Room No. 308, E-Block, SGT University.** The discussion began with a quick overview of the present state of road accident-related mortality in India. With the use of brief videos, the speaker introduced the audience to the language of roads, i.e. traffic lights, in a very participatory way. Along with the protective gear, the need of wearing a helmet was also emphasized. There was also a brief discussion on pre-ride checks and riding posture in two-wheeler riding. A discussion on safe following distance (2-second rule) was held at the end of the session.

Learning Outcomes: This session educated the students and faculty members about the different types of safety equipment's, driving rules and principles, and how to act in the event of a road accident. The listeners understand the 2-second rule and the significance of the ISI mark helmets.

Department of Civil Engineering

Webinar under MOU

“Design of Microwave Tower as per IS code Using Customized Software”

Expert: Mr. Pankaj Singh Khetwal

Type of event: Webinar

Date: 10/01/2022

Time: 02:00 PM to 03:00 PM

Platform: Google Meet

Organizer:

Dr. Neeraj Saini, HOD & Assistant Professor, Department of Civil Engineering, FEAT

Mr. Kaushal Sharma, Assistant Professor, Department of Civil Engineering, FEAT

Dr. Kiran Devi, Assistant Professor, Department of Civil Engineering, FEAT

Objective:

Through this Webinar students will be able to understand about the Software customization and how it plays a vital role now a days as almost every solution for a

specific problem depends upon computer based solutions. From research data, report to performing structural design, drawings etc. all are software dependent with few exceptions.

About the Speaker/Guest:

Mr. Pankaj Singh Khetwal, Director, KHETWAL ENGINEERS PVT. LTD.

Audience:

B.Tech Civil Engineering Students

M.Tech Civil Engineering Students

Faculty Members from Department of Civil Engineering, SGT University

Brief Report:

The Department of Civil Engineering organized a Webinar by **Mr. Pankaj Singh Khetwal(Director,KHETWAL ENGINEERS PVT. LTD.)** and the title of the lecture was **Design of Microwave Tower as per IS code Using Customized Software”** on January 10, 2022 from 02:00 PM to 03:00 PM. The lecture was focused on software customization and design of Microwave Tower using software customization on Staad Pro. Nowadays, software customization is critical because practically every solution to a specific problem relies on computer-based solutions. With a few exemptions, everything from research data to findings to structural design and drawings is software-dependent.

Speaker explained the customization by explaining a design and analysis of microwave tower on STAAD Pro.

Learning Outcomes: The lecture enablesthe students to understand the need of industry as now a day almost every person doing job is having computer knowledge and may be they have more experience than one who is also applying for the same post. So, hope of getting the job for fresher is diminished unless until he/sheposses’ exceptional qualification, here comes software customization in picture. Knowledge of software customization is like booster and can’t be ignored by any HR manager.

(UGC Approved University)

GURGAON, Delhi-NCR

Faculty of Engineering & Technology

Department of Civil Engineering

Organized an

“Excursion Trip at National Gallery of Modern Art”

located at Jaipur House, Shershah Rd, India Gate, New Delhi-110003

Type of event:Excursion Trip

Date:06/04/2022

Time: 10:00 AM to 03:00PM

Organizer:

Dr. Neeraj Saini, HOD &Assistant Professor, Department of Civil Engineering, FEAT, SGTU

Dr. Kiran Devi, Assistant Professor, Department of Civil Engineering, FEAT, SGTU

Objective:

The objective of thisExcursion Trip was to rejuvenate the students and gives them an opportunity to embrace new ideas and reflect on changes in the world.Modern art galleryvisit plays an essential role in developing creative thinkingand also, acts as a stimulus that can provoke independent thoughts as well.

Organisers

Dr. Neeraj Saini (HOD& AP) &Dr. Kiran Devi (AP)

Brief Report:

Modern art is the creative world's response to the rationalist practices and perspectives of new lives and ideas. Modern art plays an essential role as a stimulus that can provoke independent thoughts and even emotions. Modern art gives the students an opportunity to embrace new ideas and reflect on changes in the world and our lives differently. Keeping this thought in mind, the **Department of Civil Engineering, FEAT, SGTU**, organized an **Excursion Trip to “National Gallery of Modern Art”** located at Jaipur House, Shershah Rd, India Gate, New Delhi-110003, **on 06 April 2022**, for the students (UG & PG program) of civil engineering. From the NGMA collections, students came to know about the evolution of modern Indian art through impressive representations such as paintings, photos, sculptures, etc. Students also learned about the modern sculptures crafted by famous sculptors like D. P. Roy Choudhury, Chintamani Kar and Ramkinkar Baij. Students embrace the history of a particular culture in a visual manner, at the art gallery. Such a one-day educational cum trip rejuvenates the students, from daily routine life.

Outcomes of Excursion Visit:

The visit to the National Gallery of Modern Art enlightens the students about the history of a particular culture in a visual manner and also aware of different forms of painting as well. The Art gallery restores the students' sense of calm and wholeness.

A work of art can influence society by changing opinions, instilling values, and transferring experiences between cultures and time periods.

Photos of the Visit:

Organized an

“Excursion Trip at Sultanpur National Park”

located at Sultanpur village on Gurugram-Jhajjar highway,

Type of event:Excursion Trip

Date:25/12/2021

Time: 10:00 AM to 01:00PM

Organizer:

Dr. Neeraj Saini, HOD &Assistant Professor, Department of Civil Engineering, FEAT

Mr. Kaushal Sharma, Assistant Professor, Department of Civil Engineering, FEAT

Dr. Kiran Devi, Assistant Professor, Department of Civil Engineering, FEAT

Objective:

The objective of the Excursion Trip was to rejuvenate the students from daily routine academic activities and also to aware them from different varieties of migratory and resident birds.

Organisers

Dr. Neeraj Saini (HOD-CE) & Mr. Kaushal Sharma (AP)

Accompanying Faculties:

Dr. Kiran (AP)

Mr. Naveen & Mr. Vikas (Lab Technician)

Brief Report:

An Excursion Trip at Sultanpur National Park located at Sultanpur village on Gurugram-Jhajjar highway, was organized on 25 December, 2021, for the students (UG & PG program) of Department of Civil engineering, faculty of Engineering & Technology, SGT University. Sultanpur National Park covers approximately 142.52 hectares and is known as Bird Paradise for Bird Watchers. Park is famous for its migratory as well as resident birds. Students were very enthusiastic during the trip and learned a lot about different migratory birds from different park sites. Also, student enjoyed the site views of the park. One-day educational cum trip rejuvenate the students, from daily routine tasks.

Outcomes of Excursion Visit:

This visit enlightens the students about different varieties of migratory and resident birds.

“Career as an Entrepreneur”

Type of event: Alumni Talk (Webinar)

Date: 06/12/2021

Time: 10:00 AM to 11:00 AM

Venue: Google Meet, Online mode

Google link: <https://meet.google.com/dbn-sscp-fub>

Organizer:

Dr. Neeraj Saini, HOD and Assistant Professor, Department of Civil Engineering, FEAT

Mr. Satyam Garg, Assistant Professor, Department of Civil Engineering, FEAT

Objectives:

An entrepreneur is a developer or innovation who brings something new into a company or economy. It could be a new manufacturing method, a new product, a new material source, a new market, or any other similar innovation. Being an

Entrepreneur Means Writing Your Own Future. Entrepreneur explore different horizons of life, as face various parameter before gaining success, such as risk factors. The process of setting up a business is known as entrepreneurship. Entrepreneurs play a key role in any economy, using the skills and initiative necessary to anticipate needs and bringing good new ideas to market. Entrepreneurship that proves to be successful in taking on the risks of creating a startup is rewarded with profits, fame, and continued growth opportunities. Entrepreneurship that fails results in losses and less prevalence in the markets for those involved.

About the Speaker/Guest:

Mr. Manish Bhargav, Founder Bhrigu Academy. He has professional experience in the field of academics and successfully running a startup on its own. He is showing good growth in his career as an entrepreneur. He is actively involved in various other projects of academics as well.

Audience:

About 17 Students from the Department of Civil Engineering, SGT University were there.

Brief Report:

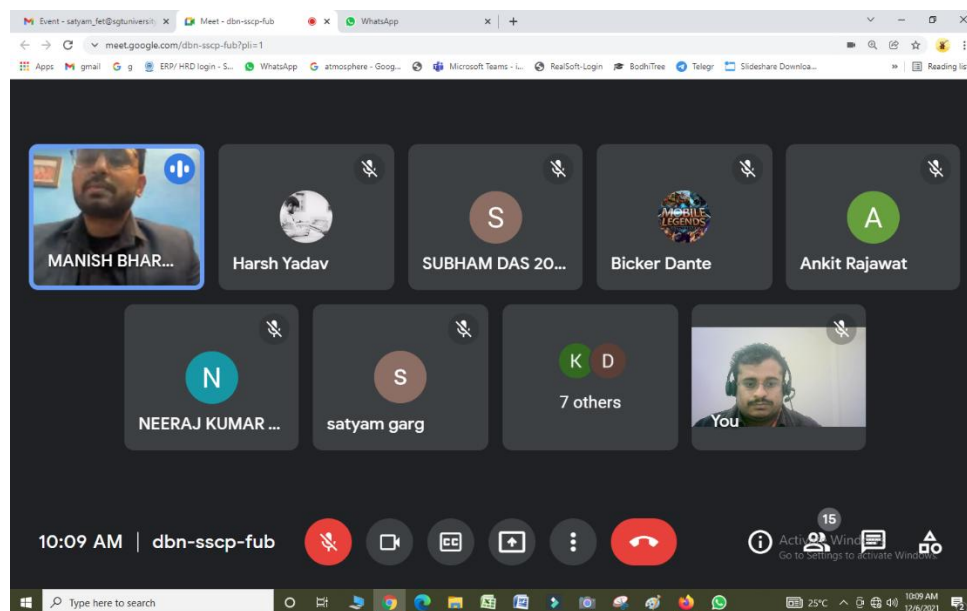

The Department of Civil Engineering, FEAT, SGT University organized an Alumni Talk on 'Career as an Entrepreneur' on 06 December, 2021 through the online mode-Google Meet. The speaker initiated the session with emphasis on time management and risk factor involved in startups. Also, the speaker demonstrated the role of peer-partnership and government fund support methods in initial stages of business. Also, shared his own experiences and learnings encountered in

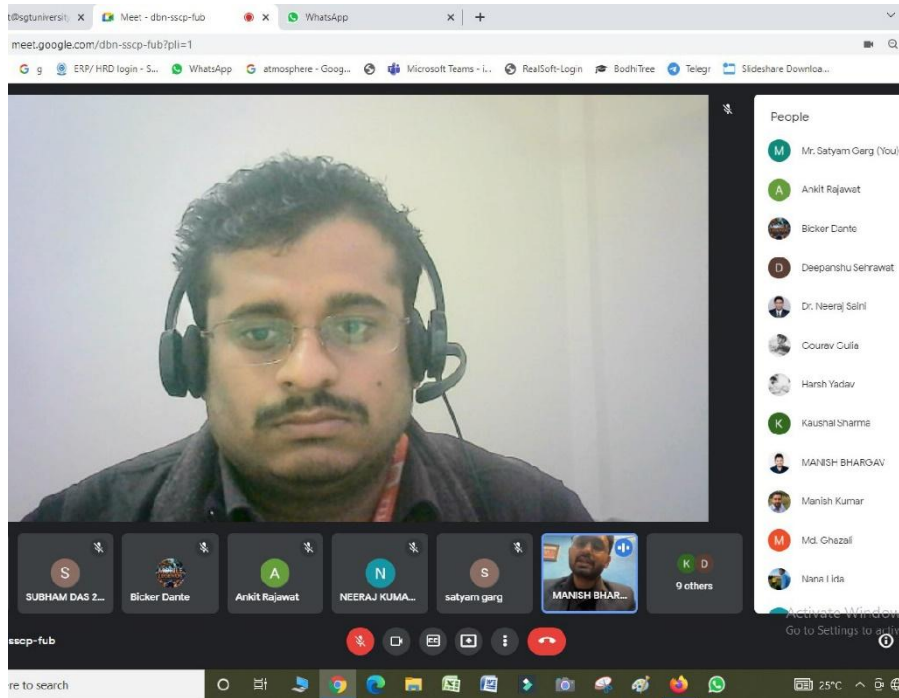

own start-up. Students actively interacted with the speaker and discussed about the civil engineering consultancy firm startups.

Challenges involved in the entrepreneurship are basically:

- Overcoming bureaucracy
- Hiring talent
- Obtaining financing

Learning Outcomes: The Alumni Talk-webinar enable the students to understand the role of time management, risk factors, role of partnership and government funding while setting up a new business specially in the field of civil engineering.

Report of the Programme

Webinar by Dr. Maridin Iacson DMD,MSD Ed. She graduated from the International program of orthodontics in New York university (1996-98). This was our first time experience of a webinar being conducted by the orthodontics department under the gracious guidance of Dr. Seema Grover, Dr. Namrata and Dr. Jasmine Nindra. It was a really informative and productive seminar which taught us that dentists are often challenged to manage patient's expectations and treatment outcomes, making it increasingly important to include prevention of dental caries as part of the overall orthodontic treatment plan.

And we learnt to:

- Identify the risk factors, diagnose and treat with competence any malocclusion requiring comprehensive care prone to caries formation
- Able to clinically analyze the importance of caries control in patients undergoing orthodontic treatment
- Get better understanding on various methods to detect and technologies available to help prevent and manage dental caries in clinically compromised tooth structure undergoing orthodontic treatment.

And last but not the least “TO LOOK AND TURN THE OPPORTUNITIES INTO POSSIBILITIES”

Employability Skills Development Programme

Post-harvest management of horticultural crops batch 2018-22

INTRODUCTION

Post-harvest management are applied to horticultural crops, either to maintain the quality (taste, colour, flavour, texture) or improve the visual appeal. Most important of these treatments are temperature management including the cold chain where the temperature of the crop is reduced rapidly and stabilize temperature after harvesting. Exposing the crop to high or low temperature and application of chemicals after harvest helps in managing/prevent pest and diseases and sprouting occurrence respectively.

Harvested produce must be handled with care at every stage to avoid the mechanical damage and subsequent fungal/bacterial infection. Adopting appropriate post-harvest handling operation will minimize the all ill effects of post-harvest

OBJECTIVE OF PROGRAMME

1. PH Loss reduction
2. Value addition
3. Contribution to the Economy
4. Making availability of fruits and vegetables during off seasons
5. Tools for export earnings
6. Employment generation
7. Waste utilization

Employability Skills Development Programme, BSc. (Hons.) Agri.

(Commercial Bee Keeping)

Batch 2018-2022

Introduction

The Indian agriculture needs to be diversified so as to generate more income to farmers. Considering this aspect Khadi and Village Industries Board is promoting Bee-Keeping industry from years together in the country. Honey and Bees are known to the mankind since times immemorial. Honey is a nutritious fluid collected by Honey Bees which is good for human health. Honey is used by mankind since very ancient period as food, medicine etc.

Bee-Keeping industry also plays important role in increase in yield of crop through pollination. This industry plays important role to create employment opportunities among the rural mass. The Government is implementing various programmes so as to promote this industry at large extent.

The preparation of good quality honey starts at bee yard. Bee-keeping activity should ideally have located where there are minimum movements of human-beings with very little noise. Forest area is, therefore, suited with many flowering plants naturally grown. Movable wooden frames with boxes are placed at such locations and these boxes are spread with honey spice to attract more and more honey-bees. These bees leave fresh honey sucked from flowers in the cells of honey-comb provided in the boxes to eat bee feed. When these cells are full of honey, they are hermetically sealed by capping with wax and then honey is extracted from these cells. Freshly extracted honey is warm and easy to bottle. Honey should be stored in dry places as it readily absorbs moisture.

REQUIREMENTS:

- Beekeeping training
- Beekeeping equipment
- Suitable locality and bee flora
- Suitable site
- Season for starting beekeeping
- Purchase of nucleus honey bee colonies
- Procuring honey bee colonies
- Transportation of colony
- Placement of colonies

REGULAR ASSESSMENT

- Visit on site each day.
- Watching their activity.
- Provided shed if required.
- Monitoring their surroundings to check if any types of disease or pest available.
- If present, then proper step were taken.
- In the absence of natural forage artificial food were provided.

QUEEN REARING (ARTIFICIAL):

Basic principles of queen rearing A honey bee colony can produce a new queen without human intervention as long as fertilized eggs are present. Beekeepers have developed techniques to rear large numbers of queen bees to requeen colonies regularly (every year or two), to reduce swarming, to increase brood and honey production, to start new colonies, and to the key in queen rearing is to take a young (12-24 hours old) larva from a worker cell and place (“graft”) it into a queen cell cup suspended vertically in a hive. The larva is fed on a special royal jelly diet by the nurse bees. After 10-11 days, the queen cells, which are ready to emerge, can be transferred to queen less hives or mating nuclei. The success and quality of queen production depends on strong, well fed and healthy nurse colonies and on suitable equipment and colony management.

Grafting:

Grafting is one option to raise your own queens.

- First, you wait until after larvae hatches.

- Then you'll use a grafting tool to scoop out the freshly hatched larvae.
- An important part to this step is to be sure that you don't flip the larvae. It may actually be drowned in its own fluid. If by some chance you do this, just move on to the next larvae.
- Next, you'll want to place the larvae in a cell starter or a queen less hive. The bees will draw the queen cells out for you. Then they'll cap them.
- After the queen cells have been capped you will place the grafted cells into a really strong hive. The bees in this hive will keep the cells warm.
- Now, during this whole process you are counting 16 days from an egg to the finished hatched queen. So that way you will know exactly when the queen will hatch. This is important so she doesn't get killed by the bees that were once keeping her warm.

HONEY, POLLEN, WAX, PROPOLIS:

HONEY: Honey is a sweet viscous food substances made by honey bees.

POLLEN: POLLEN is a highly proteinaceous food for bees. The plant that produces only pollen are called pollen plant.

It provides the bees all their requirements of amino acid, vitamin and minerals.

WAX: Bee wax is a natural wax produced by honeybees which is used for various purpose

As: making candles, lubricate wood, polish furniture, make crayons etc.

PROPOLIS: Propolis is a resinous substance which is gathered mainly from buds and bark of tree like alder, chestnut and wounds of woody plants.

It is used for sealing up cracks in hives or nest and reducing size of entrances.

DISEASE/ PEST OBSERVED IN SGTU

ANT: - They attack weak colonies and carry away the honey, pollen and the brood. Strong colonies are able to withstand the ants, but in weak colonies ant attack will result in destruction and end of the colony. By providing ant pans around the bases of the stand or oil bands over the stands ants can be kept away. Underground ant nests are eliminated by dusting of Methyl parathion or carbaryl or pouring 0.1% chlorpyrifos solution.

Employability Skills Development Programme

Mushroom cultivation technology for button mushroom

BSc (Hons) Agriculture 2018-22 Batch

Introduction:

Mushrooms are large microscopic spore bearing fruiting bodies of fungi which are used as nutritional, medicinal and for many other purposes. Among different mushrooms grown, white button mushroom has wide popularity due to its taste and nutritional value. Mushrooms are grown seasonally and in environment controlled cropping houses. White button mushroom scientifically known as *Agaricus spp.* requires 20-28^o C temperature for vegetative growth (spawn run) and 12-18^oC for reproductive growth. Besides this button mushroom requires relative humidity of 80-90% and enough ventilation during cropping period. Seasonally, it is grown during the winter months in the north-west plains of India and for 8-10 months in a year on the hills. However, with the advent of modern cultivation technology it is now possible to cultivate this mushroom anywhere in India. Thus to study on cultivation technology for white button mushroom along with studies on production of spawn/seed for the cultivation is required for better learning by the students.

The practice:

The whole process of mushroom production can be divided into the following steps:

- Spawn production
- Compost preparation
- Spawning
- Spawn running

- Casing
- Fruiting

Spawn Production

Spawn is produced from fruiting culture / stocks of selected strains of mushrooms under sterile conditions. Stock culture may be produced in the lab or may be obtained from other reputed sources. Fruiting culture is mainly imported from various places including foreign sources which give higher yield than Indian strains and the spawn is produced in the lab. The spawn should be of good quality in terms of flavor, texture and size apart from having potential for high yield and longer shelf life.

Compost Preparation

The substrate on which button mushroom grows is mainly prepared from a mixture of plant wastes (cereal straw/ sugarcane bagasse etc.), salts (urea, superphosphate / gypsum etc), supplements (rice bran/ wheat bran) and water. In order to produce 1 kg. of mushroom, 220 g. of dry substrate materials are required. It is recommended that each ton of compost should contain 6.6 kg. nitrogen, 2.0 kg. phosphate and 5.0 kg. of potassium (N: P: K- 33: 10:25) which would get converted into 1.98% N, 0.62% P and 1.5% K on a dry weight basis. The ratio of C: N in a good substrate should be 25-30: 1 at the time of staking and 16-17: 1 in the case of final compost.

Short Method of composting

During the first phase of compost preparation, paddy straw is placed in layers and sufficient water is added to the stack along with fertilizers, wheat bran, molasses etc. The whole thing is mixed thoroughly with the straw and made into a stack (almost 5feet high,5 feet wide and of any length can be made with the help of wooden boards). The stack is turned and again watered on the second day. On the fourth day the stack is again turned for the second time by adding gypsum and watered. The third and final turning is given on the 12th day when the colour of the compost changes into dark brown and it starts emitting a strong smell of ammonia. The second phase is the pasteurization phase. The compost prepared as a result of microbe mediated fermentation process needs to be

pasteurized in order to kill undesirable microbes and competitors and to convert ammonia into microbial protein. The whole process is carried out inside a steaming room where an air temperature of 600 C is maintained for 4 hours. The compost finally obtained should be granular in structure with 70% moisture content and pH 7.5. It should have a dark brown colour, sweet unobnoxious smell and free from ammonia, insects and nematodes. After the process is complete, the substrate is cooled down to 250 C.

Long Method of composting

The long method of composting is usually practiced in areas where facilities for steam pasteurization is not available. In this method, the first turning is given about six days after preparation of the substrate for composting. The second turning is given on the tenth day followed by third one on the thirteenth day when gypsum is added. The fourth, fifth and sixth turnings are given on the sixteenth, nineteenth and twenty-second day. On the twenty-fifth day the seventh turning is given by adding 10% BHC (125 g.) and the eighth turning is given on the twenty-eighth day after which it is checked whether there is any smell of ammonia present in the compost. The compost is ready for spawning only if it doesn't have any smell of ammonia; otherwise a few more turnings are given at an interval of three days till there is no smell of ammonia.

Spawning

The process of mixing spawn with compost is called spawning. The different methods followed for spawning are given below:

- (i) Spot Spawning: Lumps of spawn are planted in 5 cm. deep holes made in the compost at a distance of 20-25 cm. The holes are later covered with compost.
- (ii) Surface Spawning: The spawn is evenly spread in the top layer of the compost and then mixed to a depth of 3-5 cm. The top portion is covered with a thin layer of compost.
- (iii) Layer Spawning: About 3-4 layers of spawn mixed with compost are prepared which is again covered with a thin layer of compost like in surface spawning. The spawn is mixed through the whole mass of compost at the rate of 7.5 ml./ kg. Compost or 500 to 750 g./ 100 kg. compost (0.5 to 0.75%).

Spawn Running

After the spawning process is over, the compost is filled in polythene bags(90x90 cm., 150 gauge thick having a capacity of 20-25 kg. per bag)/ trays(mostly wooden trays 1x1/2 m. accommodating 20-30 kg. compost) / shelves which are either covered with a newspaper sheet or polythene. The fungal bodies grow out from the spawn and take about two weeks (12-14 days) to colonize. The temperature maintained in cropping room is 23 ± 20 C. Higher temperature is detrimental for growth of the spawn and any temperature below than that specified for the purpose would result in slower spawn run. The relative humidity should be around 90% and a higher than normal CO₂ concentration would be beneficial.

Casing

The compost beds after complete spawn run should be covered with a layer of soil (casing) about 3-4 cm. thick to induce fruiting. The casing material should be having high porosity, water holding capacity and the pH should range between 7-7.5. Peat moss which is considered to be the best casing material is not available in India, as such the mixtures like garden loam soil and sand (4:1); decomposed cow dung and loam soil (1:1) and spent compost (2-3 years old); sand and lime are commonly used. The casing soil before application should be either pasteurized (at 66-700 C for 7-8 hours), treated with formaldehyde (2%), formaldehyde (2%) and bavistin (75 ppm.) or steam sterilized. The treatment needs to be done at least 15 days before the material is used for casing. After casing is done the temperature of the room is again maintained at 23-280 C and relative humidity of 85-90% for another 8-10 days. Low CO₂ concentration is favorable for reproductive growth at this stage.

Fruiting

Under favorable environmental conditions viz. temperature (initially 23 ± 20 C for about a week and then 16 ± 20 C), moisture (2-3 light sprays per day for moistening the casing layer), humidity (above 85%), proper ventilation and CO₂ concentration (0.08-0.15 %) the fruit body initials which appear in the form of pin heads start growing and gradually develop into button stage.

Pest & Diseases

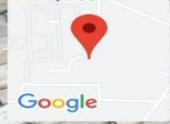

The insect pests mostly observed are nematodes, mites and springtails. The crop is suspect to several diseases like Dry Bubble (brown spot), Wet Bubble (White Mould), Cobweb, Green Mould, False truffle (Truffle disease), Olive green mould, Brown plaster mould and Bacterial blotch. Professional help and extension advice will have to sought by the entrepreneur to adopt appropriate and timely control measures against pests & diseases.

Harvesting and Yield

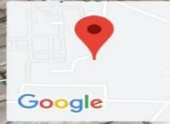

Harvesting is done at button stage and caps measuring 2.5 to 4 cm. across and closed are ideal for the purpose. The first crop appears about three weeks after casing. Mushrooms need to be harvested by light twisting without disturbing the casing soil. Once the harvesting is complete, the gaps in the beds should be filled with fresh sterilized casing material and then watered. About 10-14 kg fresh mushrooms per 100 kg fresh compost can be obtained in two months' crop. Short method used for preparation of compost under natural conditions gives more yield (15-20 kg. per 100 kg. compost).

Precautions to be taken during the cultivation process

1. Crop room for mushroom cultivation should be fumigated before placing the beds. Fumigation includes mixing formalin with potassium permanganate and letting the fumes to occupy the entire room.
2. Before entering either Dark or crop room hands and legs must be cleaned with Dettol or soap water.
3. Strict hygienic conditions must be maintained inside and premises of the farm.
4. Never clean the dust inside the farm with broom stick.
5. Always keep an eye on temperature and humidity percentages inside the room.
6. Regularly check, if any, for the contaminated beds.
7. Outsider visit should be managed properly to avoid contamination of the crop as man is the biggest pest for the mushroom growing.

Agriculture Waste Management by Vermi Compost

Vermicomposting technology is known throughout the world, albeit in limited areas. It may be considered a widely spread, though not necessarily popular technology. As a process for handling organic residuals, it represents an alternative approach in waste management, in as much as the material is neither land filled nor burned but is considered a resource that may be recycled. In this sense, vermicomposting is compatible with sound environmental principles that value conservation of resources and sustainable practices. Vermicomposting is akin to composting in that similar feedstock-organic residuals -are used. Both systems utilize microbial activity to break down organic matter in the moist, aerobic environment. Vermicomposting is however faster, produces fewer odors and produces a superior product. In SGT University for reducing the use of synthetic chemicals a unit for vermin compost production is helping to students for enhancing the knowledge of organic culture. Vermicompost (or vermi-compost) is the product of the composting process using various species of worms, usually red wigglers, white worms, and other earthworms, to create a heterogeneous mixture of decomposing vegetable or food waste, bedding materials, and vermicast.

Objective:

- The students learn waste management process and its environmental and economic benefits.
- The interested students will get to know process of composting of was.
- The course will generate employment and entrepreneurs.
- Organic farming will be encouraged.
- It will help to maintain the environment pollution free and
- Will get the knowledge of biodiversity of local earthworms

Overview:

Vermicomposting technologies constitute an inter-disciplinary science and techniques applied to agricultural commodities after harvest for the purpose of processing, packaging, storage, distribution, and marketing requirements of consumers in relation to their needs.

Vermi compost unit outcomes:

1. Students can construct their own compost farm & thereby can generate income.
2. Students/ farmers by using vermicompost in their field can increase the crop yield.
3. Students residing in cities can produce vermicompost in small scale for garden/household plants.
4. They can get the jobs in educational institutes as vermicompost/vermiculture technician.
5. By developing & propagating vermicompost technology he/she will directly or indirectly help to make environmental pollution free, by using vermicompost in the field & thereby increasing crop yield he will help to solve food problems.
6. It will lead towards organic farming & healthy food.
7. In today's world, recycling of garbage has become necessary to sustain our health and environment.

Organizers: FACULTY OF PHYSIOTHERAPY IN ASSOCIATION WITH ASSOCIATION OF Cardiopulmonary Rehab and Fitness and National Reference Simulation Centre.

Report of the EVENT: Faculty of Physiotherapy, SGT university organized a hands on workshop on “ICU Management Training” in association with Association of Cardiopulmonary Rehab and Fitness and National Reference Simulation Centre on March 08, 2022. The resource person of the workshop was Dr. Anu Grover, Officiating Director, National Reference Simulation Centre, 4th Floor, C- Block, SGT University, Gurugram. The workshop started by briefing about the hazards and awareness of the ICU setup. Dr. Grover explained the various techniques used for ICU management with its precautions. Dr. Grover great fully explained about the relevance of understanding ICU management to physiotherapists. Ma’am also showed the technique used to give CPR under various situations i.e in hospital setup, in case of RTA, in case of homely environment etc. This workshop covered CPR in adults, Endotracheal Tube Intubation, Suctioning and oxygen therapy. Ma’am also elaborated the techniques of washing hands and wearing gloves according to the recent guidelines. A hands on practice was done on mannequins by students under the supervision of Dr. Sonia Pawaria and Dr. Aditi. This workshop was followed by an open stage question answer discussion round. Students interacted and cleared their doubts with relevant practical examples. At the end vote of thanks was given by Dr. Sonia Pawaria on behalf of Faculty of Physiotherapy.

Name of the Faculty: Faculty of Commerce & Management

Name of the Event: “Business&IndustrialLaw”

Type of Event: Seminar

Date: 24th December 2021

Time: At 02:00 Pm- 03:30 Pm

Venue: Room No. 209, A Block.

Audience: MBA (Gen) and MBA (HA) students

No. of participants: 46

Faculty of Commerce and Management has organized a seminar captioned “**Business&IndustrialLaw**” on 24th December 2021 at 02:00 PM- 03:30 PM in Room No. 209, A Block.

The Expert speaker is Prof. (Dr.) Saurav Chaturvedi. Dr. Chaturvedi has served Corporates including Reliance Industries, KJMC Merchant Bankers, and Electra (India) Ltd. for more than 9 years at various levels and deputed in various countries in South East Asia and Europe. Dr. Saurabh has authored two books (Child Jurisprudence and International Trade Law) and published in international ISI /Scopus and ERA Indexed Journals and attended various conferences/seminars organized by international bodies in France, Sweden, and India.

Prof. (Dr.) Rajesh Arora welcomed the guest speaker Prof. (Dr.) Saurav Chaturvedi by presenting a memento and addressed the students about the imperative of Business and Industry Law. Prof. (Dr.) Saurav Chaturvedi started the session with an overview of Business law. He further enlightened the students with the doctrine of caveat emptor, dispute and dispute settlement in corporates, Torts, Contract, employment, and labor law. The students found the session highly relevant and knowledge-enhancing.

Name of the Faculty: Faculty of Commerce & Management

Name of the Event: “SupplyChain&Purchasing”

Type of Event: Seminar

Date: 22nd December 2021

Time: 11:00 AM- 01:00 PM

Venue: Room No. 318, A Block.

No. of participants: 50 students

The Faculty of Commerce & Management, SGT University, Gurgaon has organized a lecture on “**SupplyChain&Purchasing**” on 22nd December 2021 from 11 am to 1 pm at room no. 318, 3rd floor, A-block, SGT University.

The lecture was conducted by the special guest speaker, Mr. G.S Walia, a prominent personality in the field of the hospitality & tourism industry. Overall having experience of over 42 years, he is a former regional material manager with 36 years of experience with the Taj group of hotels & former head of supply-chain with over 5 years with Dabur India. Mr. Walia started the session by giving an overview of supply chain and logistics & also explained the difference between them. He expounded that the supply chain has evolved dramatically over the last few decades & managing the entire supply chain is a challenging task. In this emerging competitive environment, the ultimate success of the business will depend on management’s ability to integrate the company’s intricate network of business relationships. Most of the supply chain management is facilitated by the use of enterprise-level resources planning and integration system along with the latest technology in transportation, distribution, and replenishment. The students found the session highly relevant and knowledge-enhancing. The lecture was concluded by a closing remark presented by Ms. Nikita Dhama, the MBA final year student.

Brief Profile of Speaker:

"Dr. Santvana Vernekar", Founder and Chief Q-Team, Assessor NABH leading as Women entrepreneur in the field of Quality with 25 years of experience in healthcare accreditation.

Organizers:

Dr. Kunal Rawal
Assistant Professor (Senior)
Faculty of Commerce and Management
SGT University, Gurugram,

Ms. Anushree Acharya
Assistant Professor
Faculty of Commerce and Management
SGT University, Gurugram,

Report of the Webinar/ Event / FDP Program:

The AYUSHKAM (Hospital Administration) Club, FCAM has organized a webinar on "Dr. Santvana Vernekar", Founder and Chief Q-Team, Assessor NABH shared her views on Post COVID Challenges and Opportunities in Health Care Sector. She enlightened students with the role of Quality and Standards in combating with Covid-19. She has shared his own life

experiences to make the students understand the healthcare sector, with its real challenges and coping mechanisms afterwards in healthcare sector. Dr. Saantwana has covered the basic ideas to create the existence in healthcare with the development of professional skills. The major focus of session is to develop the understanding among students regarding changing aspects of healthcare sector after COVID and their scopes for hospital administration students.

The session was scheduled for 2 Hours, i.e., 11 a.m. to 1 p.m. on 21st August 2021.

Objective of the session:

- To understand the scope and challenges of healthcare sector post COVID
- To understand the role and functions of Hospital Administrators in Hospitals during COVID.

Brief content of lecture-

"Dr. Santvana Vernekar", Founder and Chief Q-Team, Assessor NABH shared her views on Post COVID Challenges and Opportunities in Health Care Sector. She enlightened students with the role of Quality and Standards in combating with Covid-19. She has shared his own life experiences to make the students understand the healthcare sector, with its real challenges and coping mechanisms afterwards in healthcare sector. Dr. Saantwana has covered the basic ideas to create the existence in healthcare with the development of professional skills.

(UGC Approved University)

GURGAON, Delhi-NCR

Faculty of Engineering & Technology

Department of Civil Engineering

“AutoCAD: A Way to Entrepreneurship”

in association with EYE ON STRUCTURES™

Under the aegis of “AET”

Type of Event: Workshop

Date: 24nd January, 2022 to 31st January 2022

Time: 12.00PM to 01:00 PM

Venue: Zoom Meeting

Organizer:

Dr. Neeraj Saini, HOD & Assistant Professor, Department of Civil Engineering, FEAT

Dr. Kiran Devi, Assistant Professor, Department of Civil Engineering, FEAT

Mr. Kaushal Sharma, Assistant Professor, Department of Civil Engineering, FEAT

Mr. Satyam Garg, Assistant Professor, Department of Civil Engineering, FEAT

Objectives:

AutoCAD is a computer-aided design (CAD) and drafting software application created by the company Autodesk. A range of professionals like architects, city planners, and graphic designers use it. AutoCAD has become one of the most widely used CAD programs worldwide. AutoCAD is an industry-leading commercial CAD software. AutoCAD is used by AEC (Architecture, Engineer, and Construction) to generate and optimize 2D and 3D designs.

Following are the objectives of the workshop on AutoCAD:

1. To enable the students for the following

- How to draw and take field measurements.
- Take data and turn it into visual representations.
- Understand the fundamentals of engineering drawing formats.
- Basic AutoCAD skills.
- How to draw 2D & 3D drawings in AutoCAD.

2. To motivate the students to work as entrepreneurs

- Enable students to start a CAD Drafting business.
- Enable students to become Freelancers as AutoCAD experts.

About the Speaker/Guest:

Ms. Khiradri Mahari and Ms. Trisha Singh Rajput, from EYE ON STRUCTURES.

Audiences:

Above 50 students from the Department of Civil Engineering, FEAT, SGT University & other participating universities/ institutes, attended the sessions on AutoCAD.

Brief Report:

The Department of Civil Engineering, FEAT, SGT University organized a one-week online workshop on “**AutoCAD: A way to Entrepreneurship**” from 24th January to 31st January 2022. The speaker started with the introduction of AutoCAD and its applications in the area of civil engineering such as Drawing, Modeling, etc. Speaker demonstrated the interface of AutoCAD for civil engineering followed by the introduction

of the basic tools and techniques of 2-D drawing. The various shortcut keys of drawing function and command keys in the drawing. The students learned about the limits for various functions, drawing and modification of various geometric shapes, i.e., circle, rectangle, line, polyline by different methods. The drafting, array, and annotation were demonstrated during the session.

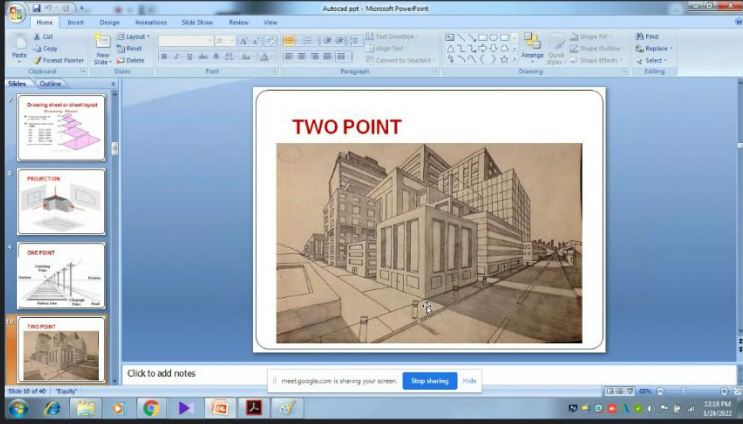

The various properties in AutoCAD, i.e., line, line type filters, line weight setting, paragraph, justification, bullets, numbering, insert, spell check, symbol, etc. were discussed as well. They also learned about the modification in geometric shapes, match properties, dimension style manager, and text addition. Students learned about how to draw blocks, changes in line width, and add color in lines and shapes. The expert discussed the different software used in the civil engineering fields. They also learned about the scale, layers, different tools, design center, change in color in structural shapes, and design. The structural engineer uses AutoCAD, STAAD Pro, ETABS, SAFE, SAP2000, Tekla Structural Engineer in the design and analysis of RCC building, steel structure, foundation, etc., and highway engineer use AutoCAD 2D, Civil 3D, and Revit Architecture for the design of pavements, etc.

Learning Outcomes: The webinar was able to make students learn about the basic commands, modifications in geometric shapes, and drawing. Also, students learned about drawing by taking field measurements and turning them into visual representations.

Theme

Palliative Care Pain Management

PC PM = QOL

Quality of life = Physical health + Mental health

**“PAIN RELIEF”
IMPROVES QUALITY OF LIFE**

ABOUT US

Wise men say that all glory; all splendour in life is achieved by the courage to begin. This is how we began, our story unfolded. We are Shree Guru Gobind Singh Tricentenary University also known as SGT University. It was in the year 2013 that by Act No. 8 of Haryana Private Universities (Amendment) Act, SGT University came into existence. SGT University since then has crossed several bridges and has many miles yet to cover. Right now in our University 18 faculties and 121 courses are running. In Nursing ANM, GNM, Post Basic B.Sc. Nursing, B.Sc. Nursing, M.Sc. Nursing, Ph.D. Nursing and Nurse practitioner in critical care courses are running.

SGT University is pledged to work towards research and innovation by providing a stimulating environment to our students with the aid of modern infrastructure and well-equipped labs. It is an acknowledged fact in the modern education system that science and innovation complement each other and inter-disciplinary research is the right step for the future.

The National Reference Simulation Centre (NRSC) is set up in our campus in collaboration with INC, Jhpiego, Laerdal Medical India.

Palliative care is a specialized medical care which addresses the issues of the terminal ill patients. The various aspects of care like disease management, symptom control and psychosocial support are rendered through palliative care for all age group.

THE AIMS OF PALLIATIVE CARE ARE:

1. To alleviate pain and suffering
2. To help the suffering patients achieve quality of life and to assist in dignified death
3. To support the patients and the family through their emotional and spiritual needs

WORKSHOP OBJECTIVES ARE:-

- To gain knowledge regarding palliative care.
 - To develop skill in assessing pain using various pain scales.
 - To enable the students to develop the right attitude while caring for patients with terminal illness.
-

WORKSHOP (HANDS ON TRAINING) PALLIATIVE CARE- PAIN MANAGEMENT On 25th June, 2022

PROGRAMME SCHEDULE

DAY-2, 25.06.2022		
Time	Programme	Resource Person
9: 30 am-9:45 am	Recap of the previous day	Mrs. Nupur PG Tutor, Child Health Nursing Faculty of Nursing, SGT University
9:45 am - 10:15am	Session-1: Nurses role in Palliative care	Prof. Dr. Pauline Sharmila Susai, Professor cum HOD, Department of Child Health Nursing, Faculty of Nursing, SGT University
10:15am- 10:30 am	Tea Break	
10:30 am - 11:30 am	Session-2: Non-pharmacological aspect of pain management in Palliative Care	Dr. Neeraj Makar Assistant professor Internal Medicine SGT Hospital
11: 30 am – 1:00 pm	Session-3: Naturopathic approach - Palliative care	Dr. Tokika Yephthomi Assistant professor, Faculty of Naturopathy & yogic sciences SGT University
1:00pm -2:00pm	Lunch	
2:00 pm- 3:15 pm	Session-4: Cognitive behavioural therapy in pain management - Palliative Care	Dr. Nudrat jahan Associate professor Faculty of Behavioural sciences SGT University
3: 15 pm-3:30 pm	Valedictory/ post- test	
3:30 pm-3:45pm	Vote of thanks	Mrs. Khushbu Assistant professor, Child Health Nursing Faculty of Nursing, SGT University

Lamp lighting by the dignitaries

Students attending the session

Key note address by Prof Dr OP Kalra Vice chancellor, SGT university

Speech from Prof Dr Vikas Dhawan Pro Vice Chancellor (Academics) SGT University

First session of day 1 by Dr Reena Sharma (Medical Director) at CAN Support NGO, Delhi

Poster competition display

Winners of poster competition are:

1. Ritika Bsc 2nd yr (1st prize)
2. Aayushi Bsc 2nd yr (2nd prize)
3. Varsha Bsc 3rd yr (3rd prize)

Session 1 of day 2 by Prof Dr Pauline Sharmila Susai (HOD Child health nursing) Faculty of nursing SGT University

Session by Dr Tokika Yaphthomi (Assistant Professor) Faculty of Naturopathy and Yogic Sciences SGT University

Session by Dr Nudrat Jahan (Associate Professor) faculty of Behavioral Sciences SGT University

Session by Dr Neeraj Makar (Assistant Professor) internal medicine SGT hospital

Dignitaries, organizers and the students

CANCER Awareness Program on

“Early Detection is The Key to Save Live”

 24th May, 2022 | Time: 11 am onwards

Venue: Civil Hospital, Sector 10, Gurugram

SGT UNIVERSITY

SHREE GURU GOBIND SINGH TRICENTENARY UNIVERSITY
(UGC & AICTE Approved) Gurugram, Delhi-NCR

7. Objective of the Activity:

To improve women's knowledge, attitudes and practices about breast and cervical cancer screening, services accessible, breast self-examination, and information sources.

7. Brief Write-up on the event(s)

On May 24, 2022, the Pflege Association, Department of Obstetrics and Gynecological Nursing, SGT University, Faculty of Nursing, held a Cancer Awareness programme with the topic "Early Detection is the Key to Save Lives" with the goal of raising awareness about Breast and cervical cancer. Breast and cervical cancers are the leading causes of cancer death among Indian women, however they are largely preventable diseases. The event was guided by Prof. Akoijam Mamata Devi, HOD of Obstetrics & Gynaecological Nursing at District Civil Hospital, Sec 10, Gurugram. B.Sc Nursing 4th year students perform a Role play on early detection, sign & symptoms, causes, treatment and prevention of Breast and cervical Cancer while M.Sc Nursing first year students demonstrate the Breast Self-Examination procedure by using Mama Breast under the Supervision of Mrs. H. Madhubala Devi, Ms Shalu and Ms. Banapriya from Obstetrics & Gynaecological Nursing Department, Faculty of Nursing. The program was graced with the presence of Mrs. Indra, Matron and Mrs Sunita, Matron of CIVIL Hospital with her staff members and other audience. The event was highly appreciated by the audience.

9. Number & Description of Beneficiaries:

1. Antenatal Mothers- 22
2. Postnatal Mothers- 36

10. Outcome of the Activity & its relevance to Health Sciences:

The hospital-based awareness program among women achieved remarkable successes in improving the knowledge and attitude towards cancer and can able to change in women's behavior that may reduce breast cancer risk.

Name of the faculty: - Faculty of Education

Name of the Event: - Importance of Meditation and Yoga

The auspices under which it has been organized: - Association Tutelage

Date, Time, Venue: - 9th February, 2021

Brief Report-

A few minutes of Yoga during the day can be a terrific method to relieve stress that builds up in the body and mind on a daily basis. Yoga postures, Pranayama, and meditation are all helpful stress-relieving practices.

Meditation is relaxation and rejuvenates the body and mind. With the aim of creating awareness about importance of yoga and meditation in mind, an event was organized at village Kaliawas for the villagers on 9th February, 2021 by the Faculty of Education. The students and faculty members took yoga session with great dedication. The villagers participated with full interest, enthusiasm and eagerness.

The students and faculty members, motivated the staff and conveyed the importance of making yoga an integral part of our daily life by extending the practice of yoga beyond the mat. The session included with exercises and asanas like:

- Head rotation

- Pranayam
- tad asana
- laughing yoga exercise
- concentration exercise for eyes

The session concluded with an interactive session between the volunteers of Faculty of Education and the people of village Kaliawas in which the queries of the people were addressed satisfactorily. The session was very refreshing, reviving and relaxing.

GURGAON, Delhi-NCR

Name of the Faculty: Faculty of Education

Name of the Event/ Programme: Workshop on Grooming Skills

Type of event: Offline Mode

Date: 28/08/2021

Time: 10:00AM-01:00 PM

Venue: Faculty of Education

Organizers: Faculty of Education,

Faculty Co-ordinator:- Dr. Manita Devi

Objective of the programme: Introduction to Personal Grooming, Understanding Etiquettes, Privacy and Confidentiality, Language and Communication Etiquette, Dressing Etiquette –, Other Office Etiquettes.

Speaker: Dr. K. Tara Shankar

Audience: Students of B.Ed. M.Ed. Faculty of Education

Brief Report of the Programme:

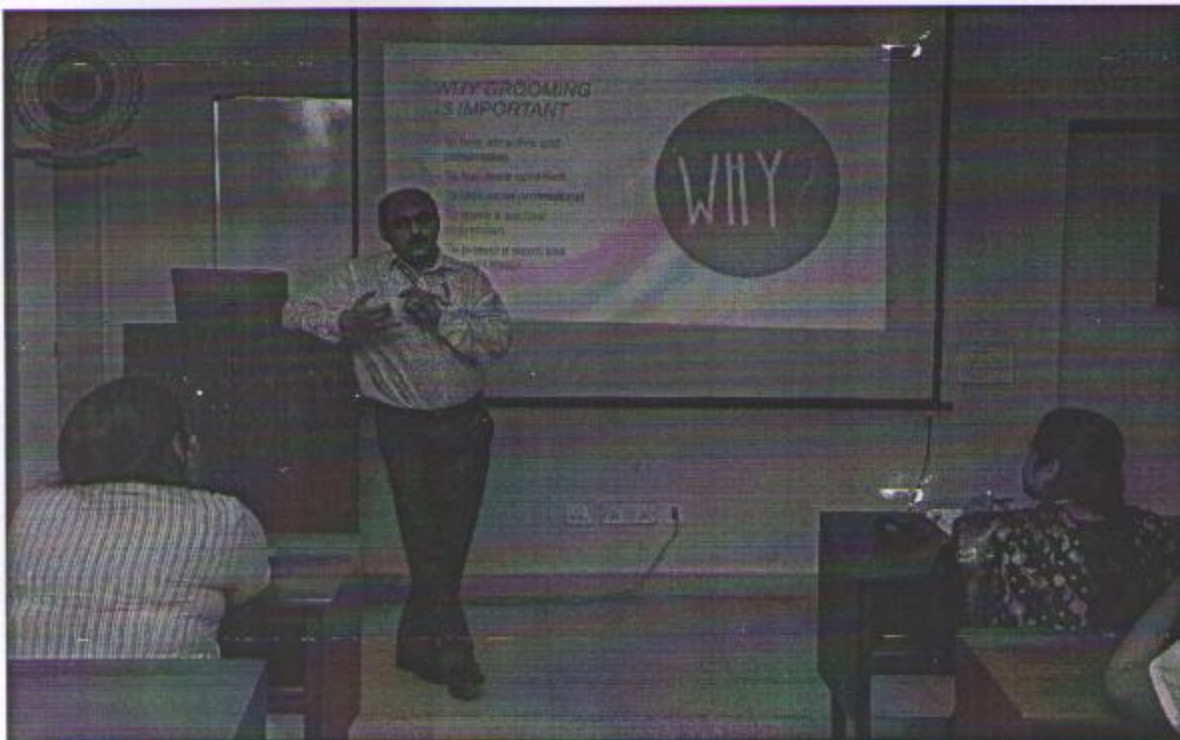

The Faculty of Education, SGT University conducted a Workshop on 28th August 2021, "Workshop on Grooming Skills". In that workshop we have been informed about the Sound personal grooming and social etiquettes are very important in projecting sound work culture, positive image, and strong branding for both individuals and businesses. Every professional must make great effort to promote poise, confidence, professionalism, sophistication, intelligence, and credibility.

From issues of civility, language usage, decorum, time management to appearance, social skills, and hygiene, professionals, employees or business owners – especially customer-facing staff, relationship officers, and managers – need to be very skilful and knowledgeable in order to establish and sustain relationships with customers (internal and external), clients, other stakeholders, etc., and achieve overall career or corporate objectives. This programme is specially designed to enable participants understand the importance of professional behaviour and social skills at the workplace as well as implement appropriate business etiquette and grooming at work.

It was the most enjoyable and informative seminars I have ever attended. Thanks for organizing and a very special thanks to the great speaker.

Faculty of Education

Name of the Event/ Programme: Workshop on Teaching Skills

Date: 7th May 2022

Time: 10:00-3:30

Venue: 308

Organizers: Faculty of Education

Objective: To provide hands on training on micro teaching skills.

Audience: All faculty members and Students (Faculty of Education, Special Education and Physiotherapy)

About the Speaker/Guest:

- Ms. Laxmi Dagar
- Dr. Parveen Sharma

About the Event:

On Saturday, 7th May 2022, from 10:00 a.m. to 3:30 p.m., the Faculty of Education, held a workshop on "Teaching Skills". Welcoming all the participants and outline of the workshop was provided by, Prof. Dr Madhavi Sharma, Dean, Faculty of Education. The workshop was started with Dr Satish Sharma, Director of IQAC who was the chief guest, quoting the significance of teaching as a profession, methodologies on how to plan a lecture, time management, and other requirements in a teacher. The workshop was coordinated by Dr. Manita Devi, assistant professor of the Faculty of Education.

Later our resource person Dr. Parveen Sharma start the session with the concept of "Micro Teaching Skills". She describes about the origin of micro teaching, importance of micro teaching in a teacher's life, it's phases, principles and processes of micro teaching skills. Many teaching skills like introduction skill, explanation skill and reinforcement skill, discussed by her.

Second half of workshop was continued by Dr. Laxmi Dagar, she tells the students about the micro teaching format and how to fill that format by giving some examples, she also explained the questioning skill, probing question skill, stimulus variation skill. The workshop gives hands on training to the students.

Finally, Dr. Divya Kalra, Co-Coordinator of the Workshop, gave an official vote of thanks.

Global School, Scholars Rosary Rohtak etc., joined the session to know about the right route and prospects of the hotel industry.

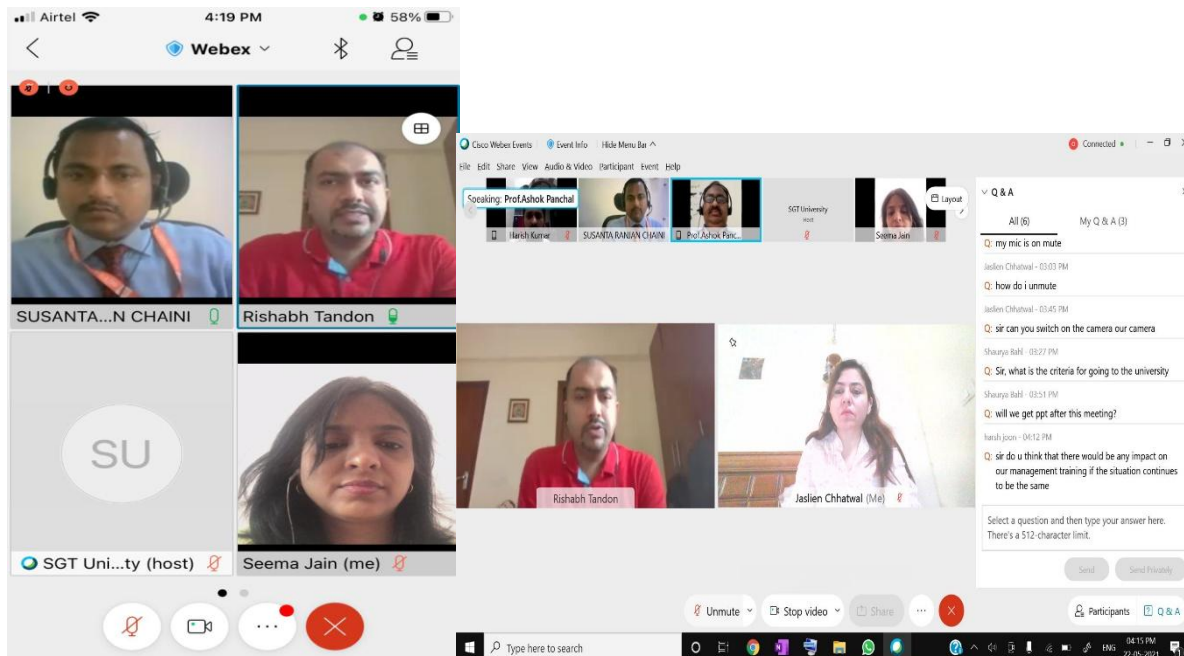

c) Brief content of lecture-

Mr Tandon explained that as the new normal is trending travelers and guests are making hygiene and cleaning measures a priority while choosing their stays in hotels. Also, they are forwarding the demand that the hotels should implement strict cleaning protocols to deal with the coronavirus. Other aspects were also discussed during the session like flexibility is one of the most important factors that the hospitality industry should opt to make their guests connected to them for a long time.

He also emphasized a few points that are important in the light of pandemic, such as hotels with automatic doors, disinfectants before entering & inside, before taking the elevator to the rooms, having a doormat at the entrance encourages guests to dry their shoes, make available to guests' masks and a designated trash bin for those already used, elevator rides should leave a minute between uses and only one person per trip.

It was a very informative session where students, also participated with full enthusiasm and zeal and asked various questions.

New Normal for Hotel Industry

22nd June 2021, SGT University

Brief Profile of Speaker: Mr. Rishabh Tandon is an Area Director of Human Resource (IHG) Intercontinental Hotel Group, Director Human Resources Crowne Plaza, Greater Noida

Organizers: SGT College of Hotel & Tourism Management

Report of the Webinar/ Event / FDP Program:

a) **Introduction:** Our Chief Guest Mr. Rishabh Tandon shared his views about the Current Trends in Hospitality Industry. Mr. Tandon - Area Director of Human Resource (IHG) Intercontinental Hotel Group, Director Human Resources Crowne Plaza, Greater Noida enlighten the students' way towards the "New Normal for Hotel Industry: A Bright Future Ahead".

b) **Objective of the Webinar**

The aspirants & hotel management professionals of SGT University, as well as students from various well-known schools of Delhi-NCR like Pathways International, Presidium, Aryan

SGT UNIVERSITY

Global School, Scholars Rosary Rohtak etc., joined the session to know about the right route and prospects of the hotel industry.

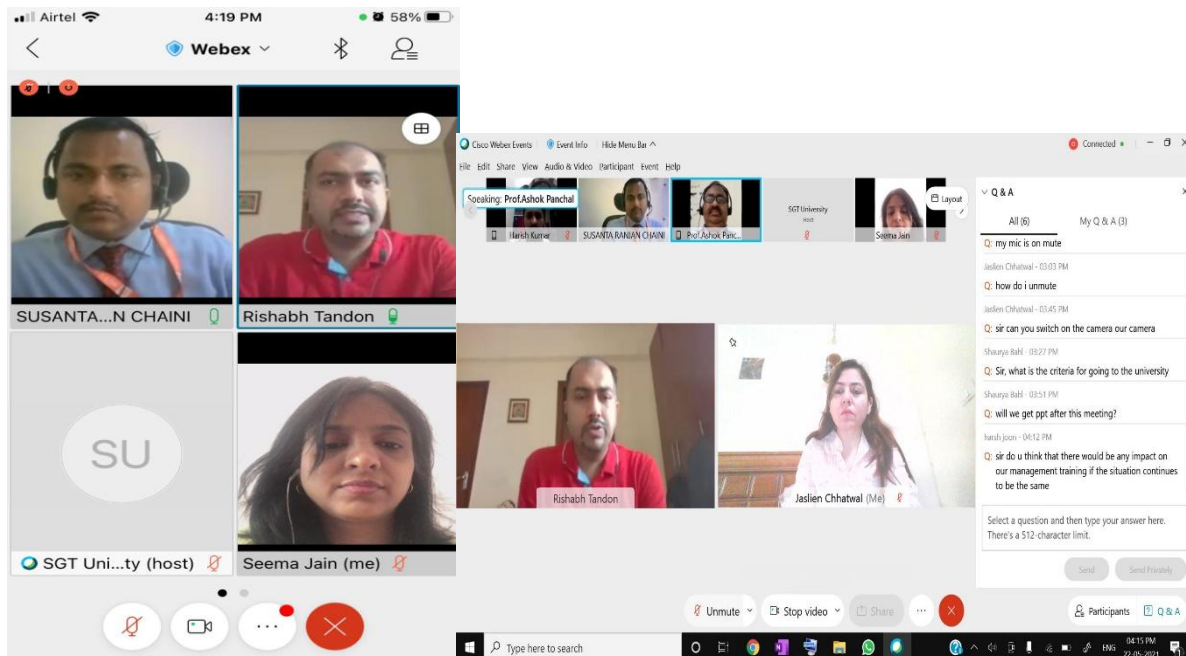

c) Brief content of lecture-

Mr Tandon explained that as the new normal is trending travelers and guests are making hygiene and cleaning measures a priority while choosing their stays in hotels. Also, they are forwarding the demand that the hotels should implement strict cleaning protocols to deal with the coronavirus. Other aspects were also discussed during the session like flexibility is one of the most important factors that the hospitality industry should opt to make their guests connected to them for a long time.

He also emphasized a few points that are important in the light of pandemic, such as hotels with automatic doors, disinfectants before entering & inside, before taking the elevator to the rooms, having a doormat at the entrance encourages guests to dry their shoes, make available to guests' masks and a designated trash bin for those already used, elevator rides should leave a minute between uses and only one person per trip.

It was a very informative session where students, also participated with full enthusiasm and zeal and asked various questions.

MsHeenaRiat, Manager, Sula Wines focused on aspects like the type of grapes used to make wine and tips for pairing wine with food, a guide to cellaring, storing and ageing wine. She also informed us that Sula Wines is the first one to introduce Canned wines in India.

MsHeena's informative session included education on types of glasses used to drink different wines along with the rationale behind them.

#SGTians had an interactive session where they asked questions related to the subject.

All in all, the session was very informative. Ms Heena is looking forward to have a physical workshop soon.

Audience :Students of FHTM 1st ,2nd and Final Years and Faculties

Brief Report of the programme:

SGT FHTM Dept celebrated **WorldTourismDay** by organising a culinary workshop by **Mr. JaspreetSingh, whoisalumnusSGTUniversityandwineworkshopbyMs. HeenaRiat, BrandAmbassadorSulaWines.**

Jaspreet Made Bread ke Dahi Bhalle and Shahi Tukda Cake. Students learnt new innovations Jaspreet inspired students by his interesting style of cooking and also told them about his **YouTubechannel13KitchenandProductionhousewhereheshootsmorethan3videosp erday. HealsohasbeenproducingPunjabiTVshow.**

Ms.

HeenaRiatalsoimpressedstudentsbydiscussingthescopeandcareeronecanmakeifonebecomesawinesommelierorawinebrandambassador. She discussed History of Sula wines, how it originated in Nasik. Wine Tasting was also shown to the students, how one should follow 5S rules of Wine Tasting which are See, Swirl, Sniff, Sip and Savour.

All in all the event was a success. PVC Academics, Dean FHTM, HOD FHTM and Faculties were present along with students for the World Tourism Day Event
